Noticed along the way

That

A wheelbarrow often serves other purposes. A friend of the paper who lives south of town says he gets a fair idea of how much rain falling any storm by taking a look in his wheelbarrow. A steel wheelbarrow, it showed "that" last night's drencher deposited about two inches of water in its pan. Just how that measurement would stack up in relationship to official rainfall readings isn't known but the wheelbarrow method does one thing very satisfactorily — it determines whether the rain fall was heavy or light and that's close enough, its owner declares.

It's been quite a while since a praying mantis made the news and the one which was hanging around Peterborough's downtown area on Tuesday wasn't doing anything noteworthy but it may have been.

The weather forecasters have been doing their usual excellent job of guessing about the weather. It was failed to materialize but the weatherman apologized? (Please Turn to Page 4)

A large collie dog belonging Post she was looking out of to Mr. and Mrs. B. Sage, 40 her bedroom window about midnight Saturday when she reported to have been badly mauled by a wolf prowling a wall of garbage at the rear of the house.

When the dog started growling and barking the animal outskirts of town Sunday by a attacked it, Miss Sage declared.

and some entry by pony show man R. A. Henry Wainman of Lindsay, carried off the Grand Championship award in the single "Pony-in-Harness" class at the Central Canada Exhibition at Ottawa which closed last weekend.

Four ponies from the local stable were entered in various competitions at the fair and all were highly successful. Just a few of the awards carried off by the local entrants were: A second and third in the Lady Driver Single-harness class. A first and third in the Open Single competition. First in the Pony Team; First in the "Pony Tandem" event. The Wainman event was named in the Pony Roadster class. In the Child's Turnout class the entry was placed first. On the final day of the exhibition a Wainman pony placed third in the "Parade Piece" competition.

"Indiana Flasher," "Indiana Dasher," "Diamond Flasher" and "Kentucky Gorgeous George" were the names of the ponies representing the stable.

Speaking with a "Post" reporter shortly after his return from the successful exhibition, Mr. Wainman said he could not find words of praise sufficient for the 1940-year-old Ann Clarke of Ottawa, who was one of the most outstanding drivers he had ever seen in her age group.

Mr. Wainman said Miss Clarke drove her entries in the Pony Roadster and the Child's Turnout classes. "She stole the show in both events," he declared.

Warrants out for four in bogus cheques deal

Four worthless cheques each less documents are at the moment being held by police at Bowmanville.

Chief Hunter said the men would stand trial in Lindsay at a later date.

The fourth member of the wanted quartet is still at large. He is believed to be in the Toronto area.

On Tuesday the chief issued a warning to all business establishments in the area to take extreme care cashing cheques regardless of how authentic the documents might appear.

Following a hurried trip to Toronto Tuesday afternoon accompanied by Police Constable William March, Chief Hunter disclosed that three of the men wanted by the local department in connection with the alleged passing of the worthless documents might appear.

It is hoped by the club that the Arena Committee will be able to accept the cheques and permit the hall to be used for supervised recreation for children and teenagers and adults to estimate. It was pointed out.

Impossible to accept new terms, Figure Skating Club concludes

The Lindsay Figure Skating Club, for the eight hours, the club Executive, at an emergency meeting held at the Recreation Centre last night, decided that it was impossible to accept the proposed hours and rates as set forth by the Arena Committee in their recommendation to the City last Saturday. After careful consideration, the executive felt that the proposed eight hours of skating would only seven or which would be to the club, amount to some \$1,500 based on a 20-week season, plus additional money to be offered to operate. In Memoriam

SAVILLE—In loving memory of a dear wife and mother, who passed away Sept. 2nd, 1959.

In tears we saw you sinking
We watched you fade away
Your hair and snowed locks
You fought so hard to stay
But when we saw you sleeping
So peacefully from pain
We could not wish you back
To suffer that again.

Sadly missed by husband Fred and daughters. (2929)

RADE—In loving memory of dear "Grandpa" Thomas Arthur Eade, who passed away Sept. 2nd, 1959.

Your last parting wish
I would like to have heard,
And breathe in your ear
My last parting word
Only those who have lost
Are able to tell
The pain in the heart
At not saying farewell.
Lovingly remembered by
granddaughter Lorraine Rhodes. (2921)

Municipal Association gives blessing to hospital sweeps

Sudbury—(UPI)—The Ontario Municipal Association has endorsed a proposal for a national hospital's sweepstakes. Delegates to the Association's Annual meeting in Sudbury today over-ruled a resolution which had recommended rejection of the idea, which has been turned down by four previous conventions.

In another vote, the delegates approved a motion which urged the Ontario government to pass enabling legislation for a national lottery to be controlled by the Provincial Affairs General's Departments.

Councillor James C. McNelly said a Canadian

sweepstake would prevent people in this country from patronizing other similar schemes such as the Irish sweepstake under which he said Canadians were only helping to finance hospital care in Ireland.

Virginia's Non-Road Roads said tests of 32 pavement types on Virginia roads showed 27 had satisfactory resistance quality when wet, and all were satisfactory when dry.

Under the Ontario Municipal Association proposal, funds raised by a lottery would be directed towards lowering costs in the Federal-Provincial Hospital Insurance Plan.

McNelly said a Canadian

She Writes Stories About Canada For Children
A Toronto woman who works in the Banting and Best Dept. of Medical Research at the University of Toronto is also the author of books written especially for children.

Margaret Mason Shaw writes the books as a hobby because — as she put it — "If I tried to write only, I would starve."
So she works at the department from nine until five and writes in the evening. She says "Canadian children should be informed of the outstanding people and achievements of their own country. They need to realize that all the brains and ability on this continent do not stop north of the border."

Her books include "He Conquered Death"—the story of Sir Frederick Banting. Miss Shaw says that she has worked in Banting's department for 11 years and she found him "an exceedingly nice man who was friendly and would do anything for people."

Her book about Banting is for children in the 12-13 year age group. She has also written a book called "Geologists and Prospectors" about Dr. J. B. Tyrrell who mapped the Rocky Mountains. She is now working on a book about pioneer bush pilots in Canada. The book is to be published in both Canada and Britain.
When she isn't writing her books for children, Margaret

Mason Shaw has another hobby. She collects stamps. She says that this—plus her work in the daytime—keeps her fully occupied right around the clock.

Where Is Jean

A face that keeps turning up on television has become famous what has become of former stage and screen actress Jean Arthur—who rose to fame with a beautiful face and a quavering voice that became her trademark.

Flaxen haired Miss Arthur endeared herself to moviegoers in the 1930's in such hits as "Mr. Deeds Goes to Town" and "Mr. Smith Goes to Washington."

The slim, shy star divorced her producer Frank Ross in 1949 after 17 years of marriage. In 1952, she quit show business for good, leaving the glitter and the glamour far behind. The former movie heroine never remarried.

Where is Jean Arthur now? The one-time Hollywood star, now 50, lives in an unpretentious frame house overlooking the Pacific on the Monterey Peninsula and she wants to let it plain that she has been left alone.

Importance of Water
A splendid piece of water equipment is an efficient feeding program for the farm. The water pump costs at most, \$7 per cent of total, \$1 per cent of total, \$1 per cent of total, \$1 per cent of total.

PERSONALS

Mr. and Mrs. Wm. Rowntree have returned from a week's vacation at Collingwood and Owen Sound.

Mr. and Mrs. R. Corley, Wendy, Stephen, Judy and Marlene, visited their sister and brother-in-law, Mr. and Mrs. J. Magahay and Lynda of Belleville.

Miss Wendy Corley is spending a week's vacation with her cousin Lynda Magahay in Belleville.

Master Stephen Corley spent a few days with his grandfather Mr. E. Corley and also visited other relatives at the Sandbar.

but on a ladder

Friends of Mr. Richard Sheaffer of Carleton Place, will be pleased to know he is up and around after his recent operation at the Toronto General Hospital.

Happy birthday to Mary Martin of Kilmount, on Sept. 1st. Best wishes from nice Lisa.

Birthday wishes to Miss Stonehouse.

Fire Committee Chairman Harry Peirce related today that he thoroughly enjoyed his first trip up a 65 foot aerial ladder.

The experience took place Saturday when Deputy-Reeve Peirce together with Council-

lors E. MacCalder and Gordon Pepper accompanied by five others and firefighting equipment Arnold Watson, travelled to the Ontario Fire Marshal's College at Gravenhurst

to view a display of aerial ladders and firefighting equipment. At the present time a committee headed by Mr. Peirce is setting information and tender prices submitted with a view to making a recommendation to Town Council for the purchase of the equipment.

Queen Street choir say farewell to organist

Last Thursday, after the usual hour of practice, the choir entertained Mr. and Mrs. Eric F. McKay prior to their departure from their midst.

Mr. McKay came to Queen Street United Church from England where he studied Music. His home was in Nova Scotia.

After a dainty lunch provided by the social convener, the President Mr. Sam Brandman, expressed regret on their departure from Lindsay, extended the good wishes of the choir and presented Mr. and Mrs. McKay with a gift of a lovely B-day clock.

Rev. Lester then spoke a few verses expressing his personal regret on losing Mr. McKay as organist and wished Mr. McKay and his wife and family God's speed in his new field of service in Calgary. Mr. McKay takes up his duties the first of September.

Mr. McKay will also be missed by his many pupils in Lindsay and surrounding territory.

Omemee

Congratulations are extended to Mr. and Mrs. Ronald Bullock (nee Yvonne Yeo) who were wed recently. They will live in Peterboro.

Sympathy is extended to Mrs. Theodore Calvert in the loss of her mother, the late Mrs. Burford.

Reeve Harry Deyell has returned home from Civic Hospital and is convalescing now. Little Jacqueline Fox, daughter of Mr. and Mrs. Walter Fox, is quite ill in Ross Memorial Hospital. We hope for a speedy recovery.

One of Omemee's old landmarks, the old Commercial Hotel (now Shaw Research) has been given a coat of paint which adds to its appearance.

Heartfelt sympathy is extended to the Neil McNeill family of Toronto, who spend their weekends here at their home. Folk were shocked to hear of Mr. McNeill's sudden passing at the C.N.R.

Cheering Frenchmen greet Ike

Tens of thousands of cheering Frenchmen have greeted President Eisenhower on his arrival in Paris. French President Charles De Gaulle welcomed the President warmly, addressing him as the "Leader of the armies of liberty." Mr. Eisenhower responded by declaring that he hopes to concentrate joint French-American efforts toward one single goal—peace with justice. The two presidents begin talks today on a series of issues that have threatened to divide France from her western allies.

Speculation curiously dismissed

Sources close to West German Chancellor Konrad Adenauer have curiously dismissed speculation that he is considering any major policy switch toward Russia. The speculation arose last Friday when Adenauer sent an unusually friendly letter to the Soviet Premier Khrushchev and the Russian leader acknowledged it as such.

Seven killed, thousand wounded

Seven persons have been killed and more than one thousand wounded in clashes between police and Communist led rioters in Calcutta. The mobs, demonstrating in protest against alleged food shortages, reportedly are in undisputed control of some sections of the city of four million. A general strike scheduled for tomorrow is expected to make chaotic conditions in the city still worse.

Says defense crisis

India's Prime Minister Nehru has told a tense, crowded parliament that India's defense crisis has eased off. The Indian Premier heaped praise on Defense Minister Krishna Menon, but made no mention of his preferred resignation.

God-king arrives

Thet's exiled God-king has arrived in New Delhi to seek Indian support in bringing Thet's case against Red China before the U.N.

Secret police chief checks

Russia's secret police chief is in the United States checking security arrangements for Soviet Premier Khrushchev's 12-day visit. The Russian official and an aide are visiting all the cities Khrushchev will visit on his tour.

Major victory for PCs

The major victory of the polls by the Conservatives in Prince Edward Island yesterday leaves Newfoundland as the only province with a Liberal administration. The Tories won 22 seats yesterday in the 30-seat P.E.I. legislature, 18 more than they held when the legislature was dissolved. Leading the Conservatives to victory was 71-year-old farmer Walter Shaw.

Reaffirms PCs' popularity

The P.E.I. election results reaffirmed Conservatives' popularity in the Maritimes provinces where public opinion poll showed the Conservatives had slipped in the Maritimes from 57 per cent of the vote in July, 1958, to 51 per cent in January, 1959, to 47 per cent in May, 1959, before edging up to an even 50 per cent last month.

Feel visit may avert war

A West German member of parliament visiting Toronto says that many Germans feel Russian Premier Nikita Khrushchev's visit to the United States may avert a third world war. Richard Kettner said in an interview yesterday that the Germans also feel that if Hitler had toured America and seen her strength there would have been no second world war.

Consider trading stamp charge

Ontario Assistant Crown Attorney Henry Bull is considering whether a charge should be laid in connection with the use of trading stamps by supermarkets in the province. A complaint against the stamp policy was made last week by the Retail Merchant's Association of Canada which trading stamps would bring on higher prices. Justice Minister E. Davis Fulton will review the matter Sept. 9th.

Former minister seriously ill

Former cabinet minister James M. MacDonnell is reported in serious condition in a Toronto hospital. MacDonnell was flown to the Ontario capital yesterday from Nova Scotia where he was stricken while on vacation. The 78-year-old former federal member from Toronto-Greenwood resigned his cabinet post Aug. 19.

The losing decades

A prominent Nova Scotia educator says that in every decade since 1850 the Maritimes have lost through migration about 10,000 persons. Doctor Alexander Laidlaw of Halifax said in Montreal yesterday that the great disparity of wages to be earned in the Maritimes and the rest of the country will perpetuate the drift of population. Laidlaw was addressing a seminar of the National Federation of Canadian University Students.

Mad like a wet hen

A 24-year-old Los Angeles housewife raced her car at speeds up to 100-miles an hour... committed 11 other traffic violations... and was sentenced yesterday to 30 days in jail. The reason for the rampage... an argument with her husband. As Mrs. Diana Garcia put it—"I just got mad."

Mrs. Loretta Rea

Fall Fair Dates

A well known and respected resident of Onneco for 48 years, Mrs. Loretta Rea, widow of the late David Rea, died suddenly at her home on Friday.

Born at Reaboro she was the daughter of the late William Hickson and Mary Ann Beacock.

Before coming to Onneco she had resided in Ops township, on a farm on No. 7 high way.

She is survived by two daughters, Mrs. McPhee (Evelyn) of Peterborough, Mureen at home and one son, David of Toronto. Two sisters, Mrs. Robert Paterson, of Port Moresby, Colorado and Mrs. Stella Hickson of Fullerton, California.

She was a staunch member of the Trinity United Church, a former President of the W. A. and Women's Institute. Rev. V. R. Zuleff conducted the service at Trinity United Church on Monday, August

This new portrait study of Her Royal Highness Princess Margaret was taken by Antony Armstrong Jones at Royal Lodge, Windsor. Her Royal Highness Princess Margaret who celebrated her 25th birthday on August 21, 1950, is wearing a five-strung pearl necklace.

This Day

(United Press International)

Today is Wednesday, September 2nd, the 245th day of the year, with 120 more days to follow in 1950.

The moon is new.

The morning stars are Mercury and Venus.

The evening stars are Mars, Jupiter and Saturn.

On this date in history:

In 1666, the great fire of London started and raged on for four more days.

In 1864, Civil War General Sherman occupied Atlanta, Georgia.

In 1901, the "Big Stick" became the trademark of Vice-President Theodore Roosevelt.

In 1930, two French aviators completed the first non-stop flight from Europe to the United States. Their plane was called, "The Question Mark."

In 1945, the Japanese signed the terms of unconditional surrender aboard the U.S. battleship Missouri in Tokyo Bay.

In 1947, nineteen American nations signed the treaty of Rio de Janeiro, agreeing to mutual aid in the case of armed aggression.

Here's a thought for today: Former President Harry Truman.

FOR BETTER LAWN
SEED IN THE FALL
 It's a good idea to follow nature's plan and sow your lawn in the late summer or early fall, according to horticulturists of the Ontario Dept. of Agriculture.

Why? Well, during this period heat is not so intense and there are fewer weeds. What's more the cooler weather encourages good rooting. Sow in the early fall so that the grass is well established before winter sets in. Well-rooted plants will suffer less from drought and heat next summer.

Start your final seedbed preparation about ten days before the chosen sowing date. . . Sow the seed occasionally to destroy the weeds that have started. Roll and rake the area to produce a fine, level seedbed. On large areas, try dragging a plank back and forth to produce the same level effect. At seeding time, most of the soil should be as fine as sifted ashes.

Don't skimp on the seed, a late seeding rate of 3 to 5 pounds per 1,000 square feet is best when Kentucky blue grass forms a high percentage of the mixture. Sow half the seed over the entire area. Then seed the rest at right angles to the first. To insure an even job, it is best to sow when there is little wind.

After seeding, rake the soil lightly to cover the seed to a depth of 1/4 inch. Rake in one direction, to prevent collection of seed in ridges. A light covering of screened topsoil may be applied as an alternative.

Rolling to firm the soil around the seed will encourage uniform germination. Be sure that the roller is dry, or else some seed may be picked up and wasted. Roll again after

the grass germinates and after the first cutting.
Watering? Use a fine spray. Be careful not to wash away seed. Keep the area uniformly moist, but not saturated.

The human side

These stories will give you a lift "NOBODY KNOWS"

A man in Swindon, England, has found there is just no end to his troubles.

Leonard Price had been arrested for a mischief and was being towed along in the custody of police in handcuffs. Price escaped. But alert police recaptured him—and then charged him with stealing the handcuffs.

SIGN LANGUAGE

The Wakegum Women's Club had good intentions but the wrong language.

The ladies decided to hold a fiesta for the 100 Latin American athletes participating in the Pan American games in Chicago.

The fiesta was scheduled for Saturday. Three hundred orders of fried chicken were prepared and tables were set up in a local museum to hold the food. Two bands were on hand.

But no one showed up at the party. Finally the chubwomen donated all their chicken to local hospitals.

The trouble was that the sign posted in a dormitory announcing the fiesta were in English—and not in the group speaks English.

CINDERELLA STORY
 A mixed-up Cinderella story in Mobile Alabama. . . A burglar fleeing in the night from the home of Alton James lost his shoes in his haste and confusion.

Police applied the remedy Cinderella's handsome admirer used in tracing the suspect. They looked for the feet that would fit the shoes.

Yesterday police fitted the shoes to a 10-year-old girl and they bore him away to the local jail.

NO BAIL, JAIL

Mrs. John Draper spent her wedding night alone because she couldn't raise 125 dollars. The new bridegroom—a 34-year-old signpainter—had an auto accident just as he and the new Mrs. Draper were leaving the scene of the wedding.

Police jailed Draper and Mrs. Draper couldn't raise the bail.

OBSTETRICAL P.C.

Patrolman Robert Deszard, Junior, of the New York City Police force may hold a record for the men in blue. Deszard recently delivered his 40th baby. He beat the ambulance to the home of Mrs. Frances Lopez and assisted in the birth of a seven-pound female baby.

Mr. W. J. Keswick, Governor of Hudson's Bay Company, has announced that Mr. A. Chester, Managing Director, is retiring September 30, 1959, after more than 35 years' service in the Company and will be succeeded by Mr. J. R. Murray, present General Manager of Canada. Born in Winnipeg and a graduate of McGill University, Mr. Murray joined Hudson's Bay Company in 1951 after service in the Royal Canadian Navy and the Department of External Affairs. He became president of Hudson's Bay Company Park Sales Incorporated, New York, in 1953 and took over his present position in 1955.

Noticed along the way

THAT

The government of Canada is making a contribution towards keeping the cost of living up as of September 27th of this year. Day Canadians making unemployment insurance contributions out of their pay checks will find the amount has been increased by statistically increased . . . as much as 56 per cent in some cases. The increase will increase but whether the term "fair" increase could be applied is something else again.

Clayton W. Hodgson, M.P., makes a point of dropping a personal note to people advanced years on the occasion of their birthday. He may be interested to learn that many of those receiving these finds time to perform the kindness.

Anyone who thinks they're feeling tired, rundown, beat by the heat or otherwise out of sorts, might try a trip to the Canadian National Exhibition with the family. This should help them to appreciate how rested and refreshed they really were when all the time they were feeling for thought they were just the reverse.

Speaking of the CNE, it's a colorful spectacle this year in more ways than one. Some new things have been added to the waterfront. . . . Ships of NATO countries. Navies. They're the best at sea under powerful floodlights and myriads of lights, strong above their decks. The sight is well taking in.

J. P. Barnum was absolutely sure that when he was born every minute but a time seems to be one of those times when most people don't mind being in the line.

Lindsay barely escaped the full force of a violent electrical storm which swept across the town's northern borders early Sunday evening. The rain was heavy above Elgin St. and was stone dry south of Wellington. A motorist coming from the north on the main road was seen way said he never saw it so hard . . . he started up traffic for a time forcing many drivers to the side of the road and making others proceed with extreme caution. Although the lightning was of the kind to prevent anyone parking

These styles are perfect for all school occasions. They were designed by Anne Adams for Little Sister making her first appearance in Kindergarten—an event that requires a new dress that will make an impression—be it good or bad. The styles will be used in College. The last young set-in-between been overlooked. There are styles for every girl—Big and little.

Crisp, washable cottons would be ideal for most of the designs shown. The styles are simple, yet fashionable, and will require a minimum of care. Mr. Motter, says the time to send for the styles best suited for your girls. Our first-grade Printed Patterns will make child's play of your sewing.

"chain" type, no storm damage has been reported in the immediate area.

A good thunderstorm could one time be counted upon to cool things off for a spell but somehow it seems to have lost the knack. Recent trends seem to be for the humidity and heat to increase after the summer's attack.

Wm. G. (Bill) Jackett has gone west but not to stay. . . . He'll be at Banff Spring Festival for the next few days as guest of his company—Crown Life Insurance. Mr. and Mrs. Jackett left Lindsay on Saturday evening for Toronto where they were board a special section of a westbound train reserved for agents of the company who had qualified for a trip by writing a specified amount of business. Mr. Jackett has been with the company about 10 years.

People who like watching thunderstorms approach develop an amazing quality of sight. It is something of an advance lightning bolt which lands uncomfortably close. Too bad trials for truck records will be played to coincide with such occasions. There's no telling what would happen presently established without the impetus which comes from a bolt of lightning coming to earth at the astounding accompaniment of an ear-splitting crash of thunder.

A number of people were taking time out on Saturday to see how to "live better electrically" by going through the trailer exhibit of the Ontario Hydro Electric Power Commission on a town street action station in front of the Town Hall for the past few days.

More and more people are wondering how it is possible for the Lindsay Chamber of Commerce to park the bantam line car on a town street action station in front of the Town Hall without coming to grips with the car. A grip with the "law" reveals that to the best of the knowledge of those proceeding, it is there is nothing to prevent anyone parking

Dr. Leslie Bell pays tribute to the Gilbert Watson

Dr. Leslie Bell has paid tribute to the late Gilbert Watson, for several years engaged in the operation of Gil-Mar Lodge, Sturgeon Lake.

Under the caption "Our Teenage Hero", Dr. Bell wrote in his Saturday column: "Last week, the 'Apprentice' tucked away in the corners of 'Parade' newspapers: a brief announcement that Gilbert Watson had died after a short illness. This this news came 26 years ago, it would have 'ade the front page headlines."

"To younger people, Gilbert Watson probably means nothing at all. But anyone over 40 who has lived through the 20's and the 30's in this city will remember that Gilbert Watson was once the biggest name in Canadian dance music. He was idolized by adults and teenagers alike and his orchestra was heard on the demand every night of the week. One of the reasons for this was that he was a perfectionist in his work."

Two-car mishap at Cameron

A rear-end collision, reportedly caused when the driver of one of the vehicles involved slacked out at the wheel occurred early Sunday evening in the village of Cameron.

Police said Leonard Miles, 62 Old Colony Road, Willowdale, Toronto, crashed into the rear of a car being driven by Mr. Fred Karke, 122 Peter Street, Port Hope.

SOCIETY LION

A missionary got lost in the African jungle and then ran into a lion. Escape was impossible wherever he looked. Scared, he fell on his knees and began to pray for help.

The lion fell on his knees beside him. Amazed, the missionary cried in delight: "Brother, how delightful it is to join you in prayer when I am alone! I feared for my very life."

"Don't interrupt," the lion cried. "I'm saying grace."

Little Britain

News for week ending Aug. 29

Mr. and Mrs. Lewis Irvin, of Queensville, called on friends and relatives here last week and also attended the funeral service of his sister, the late Habel Irvin, at the Mackay Funeral Chapel in Lindsay.

Miss Jean Webster has resumed her duties on the local staff of The Canadian Bank Commerce, after a couple of weeks vacation. Mrs. Lewis McTaggart was relieving during her absence.

Rev. G. W. Brown, wife and daughter of Windsor and formerly of Little Britain were in this community recently calling on friends and renewing old acquaintances.

Mrs. W. R. Bell and son Bill of Toronto, motored down and called on friends here during the past week.

Mr. and Mrs. George Varcoe and Mrs. Mary McTaggart, who returned to Oakville where they are in attendance at the funeral service of a relative.

Mrs. J. R. Forbes has returned to her home at Vancouver, B.C. after spending a month's vacation at the village with her son Pastor D. G. Forbes, wife and family.

Mr. and Mrs. James McDonnell and son Ricky have returned home after spending a week's vacation on a motor tour of the United States. Mr. McDonnell is in charge of their service station during their absence.

Several from here attended the annual meeting of the Lions Club at the centopth in Oakwood Sunday last and had the privilege of hearing Col. Sydney Lambert, who was the guest speaker.

Little Britain will shortly have a new post office which will be situated at the east end of Mr. V. C. Kemp's General Store and the carpentry work on the school is being done under the supervision of Mr. Harvey Webster and staff of men is now well under way.

Your car contains a device that might avert tragedy on the lake, the Ontario Safety League points out. The spare tire on the back is being used as an emergency life belt. As many as five people can keep themselves afloat looking out from the back seat at the rule. The union called the spare tire is correctly inflated.

TIME OUT FOR MATERNITY

Nurses at the National Hospital in Lakada, Japan, have been asked to leave the hospital because of a rule which limited the entire nursing staff to four maternity leaves a year — so arranged that only one nurse would be on leave at any one time. At the time there were 12 maternity nurses on the staff. Now there are 23 married nurses and the women are in white print uniforms at the rule. The union called the spare tire is correctly inflated.

Snow was falling in foothills

Hamilton, Sept. 10.—(UPI) While the sun baked a record 96-degrees in Hamilton snow was falling in the Alberta Foothills. Hamilton was the hottest spot in Canada yesterday.

A downtown thermometer facing the sun gave a reading of 112 degrees on Tuesday afternoon.

Just one year ago the temperature was ranging from 57 to 80 during the day and there was a record of some kind for

Everyone's talking about the heat wave today and with good reason. They have just survived the summer's hottest day and night. A new 1939 high temperature was established at Lindsay on Tuesday when the mercury swung from 57 to 91 mark. It only eased off slightly during the night and

lowest official reading was 72 above, an overall normal of 112 degrees on Tuesday afternoon.

Mrs. Sam Simmons, the Dominion Meteorological Bureau believes the 91-degree reading was a record of some kind for

It was revealed by Mayor meeting of Town Council. Lloyd Burrows Tuesday that Lindsay's annexation application had not yet been forwarded to the Ontario Municipal Board. The application is still in the hands of Acting Town Solicitor Jos. Staples. It was true that the mayor told Tuesday night's meeting had not been forwarded

Noticed along the way

The Kiwanis Kavaliers have inspired the chairman of the Minden Centennial public committee to write a letter of appreciation to the band and one of commendation to the citizens of Lindsay to whom he appeals for support for such organizations. The letter: The Editor, Lindsay Post, Dear Sir: This short letter is a "thank you" to the "Kiwanis Kavaliers" of your town for the performance they gave at the Labour Day during the Centennial celebration. It is also a letter to your citizens to awaken and rouse themselves to the value of this organization and do something to support them.

This history of the Kavaliers is well-known to you — they were close to being disbanded when the Kiwanis Club stepped in and sponsored them. A wise and courageous move. We would kindly suggest to the citizens of Lindsay they direct their energies at construction of good-will among those who are trying to do a good job for the town—don't belittle them all the time. Alex Greco of Kinnmont was among those who had a successful day at Kinnmont Fair. Dressed for the occasion in a light summer suit and sporting a flashy tie with a Highland lass embossed thereon, he is shown above holding a plastic horse in each hand, trophies of the day. He won one horse for stumping a midway game, and the other horse belonged to a grandchild. He was waiting just inside the main gate for members of his family when this picture was taken. Mr. Greco told "The Post" he could remember attending the fair over 70 years ago when the grounds were located in a field near the village school. He said he also could remember the three hotels in the village at that time and that each had a pen of pigs out behind which were from unused food. On fair days these pigs were driven up the hill and put on exhibition. Incidentally, the ag-guesser at the 1959 fair was four years out. He guessed Mr. Greco at 75... his age? 79.

Two special meetings of his days before delivery was made committee were held last week to investigate the tender. This recommendation is the unanimous decision of the committee," said the speaker. Deputy-revee Peirce said there would be a lapse of 60

The chairman revealed that night's meeting voted to purchase a King Seagrave aerial ladder-pumper at a cost of \$32,909. Reece Bruce Maidens did not vote. Councillors Doug Acheson and Mel DeGroot were absent from last night's meeting.

The Fire Committee Chairman Harry Peirce declined the King Seagrave tender as very near the lowest tender submitted. "It was not the lowest tender received," he said.

Councillors Pepper and Hutcheon both said they were in agreement with the deputy (please turn to page 6)

Lindsay man seriously hurt in fog crash

Mr. Leonard Barker, 43, Leg Street, Lindsay, was rushed to Civic Hospital in Peterborough shortly after 7:30 a.m. this morning after being involved in a two-car collision near Fowler's Corners.

The Lindsay resident sustained left leg and shoulder injuries as well as undetermined chest injuries.

The two-car accident took place during heavy fog in the area.

An occupant in the other vehicle involved was also rushed to hospital but was released following outpatient treatment.

GDP at Peterborough have yet released the name of man.

had been nearly two inches of rain in the first 10 days of the month. Mrs. Simon says the Lindsay area has not had much rain in recent years seems to indicate an upward surge around the 10th or 15th of September, but nothing like the spree it has gone on this year.

The official reading at 10 a.m. today was a warm, sticky and uncomfortable 80 degrees.

Forecast indicate some rain may be experienced by Thursday.

There have been no reports of anyone successfully trying to lay an egg on a downtown Lindsay street. "Time's a wastin'."

Councillor McQuarrie asked Council to what extent they wished Mr. Meadows to continue with the annexation.

"Consulting Engineer C. Meadows has been an extremely disappointing person," stated Councillor Gordon Pepper. The speaker recalled that when Mr. Meadows was first brought by the town to prepare the annexation brief he had said it would be a three-week task. "Now here we are 18 months later and evidence is still needed to finalize the brief," Mr. Pepper said.

Mr. Meadows' services have been discussed with the consultant's services.

Councillor McQuarrie said he was of the opinion that Mr. Meadows "had not provided the results expected of him." The Councillor suggested Mr. Meadows' services be dispensed with.

"Pay him off and get rid of him," suggested Mr. Pepper.

Reverend Bruce Maidens said he felt Council should stick with the same engineer, "it will cost \$5,000 to employ a new one at this late stage in the proceedings," he declared.

Mr. Maidens reminded Council he had forecast it would take about three years to get the proposed annexation settled.

On motion of Councillor Pepper it was moved that a committee of Mayor Burrows, Councillor McQuarrie and Mr. Joe Staples be authorized to take the steps necessary to finalize the work on the brief.

reeve's suggestion that the King Seagrave equipment be purchased.

Reeve Maidens said he could not agree with this thinking. He reminded Council that when the idea of obtaining this piece of equipment was first mooted it was strictly the opinion of Council that an aerial ladder only be purchased.

It was suggested by the reeve that if the combination job were purchased the pumper would be tied up on calls and the effectiveness of the aerial ladder would be lost.

Chairman Peirce said the change in plans had been necessary because of specifications suggested by the Ontario Fire Marshall's office.

When Councilor Hutton suggested selling the present pumper, Mr. Maidens quipped "We are not going to sell my own equipment."

Councillor Pepper said he thought the town was being "kissed the town was being 'kissed' in purchasing his wife and little daughters the combination equipment. Araxel and Kim, spent the "if the town is going to grow today weekend with his mother these pieces of equipment will then. Mrs. Gertrude Waite at the very necessary" said Mr. Thurlston Park.

Pepper

On motion of Councillor Hutton, seconded by Mr. MacFarlane, the motion was adopted.

At no meeting of Council have the tender been opened. The submitted tenders were opened and discussed at committee meetings of the department.

At no time during the discussion last night did Chairman Peirce give any indication of the tender prices submitted by other bidders.

The chairman did divulge that the accepted tender was not the lowest one received. He did not disclose what price differential was.

lost in the second half with no score.

In the second inning Valentia was held on the base line with Fenelon counting one run in the last half of the inning, to make it 2-1 for Valentia.

There were no runs scored in the third inning of the fourth inning had Stewart Grills, Carl Sweetman, Ken Mark, Bruce Fairman come in to give Valentia the lead of 6-1. Fenelon changed pitchers in the first half, relieving Junkin by Martin, with Lee taking over the catcher's box.

The next couple of innings there were no runs for either team and the game was called at the end of the 6th inning.

with a score of 6-1 for Valentia.

Carl Sweetman did the pitching for Valentia with M. Crowder in the catcher's box. This makes it two games for Valentia and one tie.

SCORE:
Fenelon 2 1 2 x x-1
Valentia 2 2 x x x-6

The work's all done and before fall

The work on the new federal government dam at Penelon Falls is all done and before fall has taken over. The L-shaped wharf was constructed at the village's Rotary Park and residents feel it will be of great value for lakefront events and a protective shelter for the bathing beach which is located just east of it. The wharf is one of several which has been constructed through the district during recent months and which was announced earlier by Mr. C. W. Hodgson, M.P. for this riding. The picture shows the work in progress.

A Father's Request
Second, the marriage is her own husband's choice. The director Roberto Rossellini has asked an Italian Court to let him keep his three children instead of returning them to their mother, actress Ingrid Bergman.

The action is the latest in a series of bitter fights that have followed the breakup of the marriage. Rossellini has had custody of the youngsters, nine-year-old Roberto and six-year-old twins Lotta and Isabella — for a two-month summer vacation. He was to send them back to their mother August 25th. Instead, he has kept the children at his villa north of Rome and appealed to a court to revise the custody order so he would have permanent custody.

The Rossellini-Bergman marriage was annulled by a Roman court which later reversed its ruling. In the eyes of Italian courts, the two are still man and wife. In Sweden, Miss Bergman married Swedish millionaire Lars Schmidt without waiting for the final appeal. It is doubtful that she will take the chance to return to Italy in an out-of-court action.

Burns' Daughter Elopes
Canadian George Burns has confirmed that his daughter Sandra eloped this week with writer-producer Rod Amateau. Said the newlyweds were married by a Justice of the Peace in Mexico, just south of the border from San Diego. Miss Burns — the daughter of the comedian and Grace Allen — was previously married to young Willard the

PERSONALS

Miss Anne Campana, daughter of Mr. and Mrs. G. Campana, 9 Clonagh Street West, Lindsay, has returned home after spending two months with relatives in Quebec.

Mr. T. H. Simon is progressing favourably in Private Patient's Pavilion Hospital in Toronto and expects to be home shortly.

Mr. Grace M. Heard, spent the summer holidays with her sister, Mrs. Florence L. Rathburn, and has now commenced her duties as Dean of the Ontario Ladies College at Whitby.

Mr. Andrew Perry, Queen Street, visited the Toronto Ex. on Tuesday. He reports an excellent Superette. Being an ardent boating enthusiast, Andy reports being thrilled to see Miss Superette's boat, which won the Harmsworth Trophy for Canada. He also was privileged to shake the hands of Bob Hayward its driver.

Mr. Ivan Walton, Cambridge Street, is a patient in Ross Memorial Hospital and is progressing satisfactorily after surgery.

Mr. and Mrs. Francis L. Short of Toronto, Sergeant and Mrs. Marilyn Short and family, after spending his holidays with his grandparents, Mr. and Mrs. H. W. Smith, here, Mrs. A. L. Short at Oakwood during the past week.

Mr. and Mrs. Clarence L. Ogden, General Electric, are floating through New Orleans on a pontoon raft. They started their river trip August 23rd at St. Paul, Minnesota.

They left Memphis, Tennessee Tuesday. "We had a couple of small mishaps," Miss Ogden said. "We rammed a ferry boat at Tipitown, Tennessee, but the man was awfully nice about it."

Beauty Tip

Try varying the shades of lipstick you wear. A lighter orange tone will provide a daytime pick-me-up, the violet shades add an exotic tone after dark—UPLI.

A tribute to --

To my brother "Huch"
You painted houses as if from a can. But your true talent was hidden from all but me.

You painted a picture of a cabin small.
By a beautiful sunset and trees to fall—
And a winding stream ran here and there.
Oh yes, your picture was very fair.
Your nature was quiet, humble and true.
This is how I'll always remember you.

Cool Cooker

Many a time during sweltering summer days fresh frozen filets come to our rescue. They need no little cooking. The fish filets can be baked, broiled or even fried in such order, the kitchen doesn't get too hot. There is an almost limitless variety of ways in which filets can be prepared and served. Here are a few quick and easy ideas — Chili-Glazed Filets with Pineapple

1 pound fresh or frozen filets
Juice of half a lemon
cup chili sauce
2 1/2 cup pineapple chunks, drained

If frozen, let blocks of filets thaw on refrigerator shelf just until they can be easily separated. Cut fish into four equal portions. Arrange on aluminum pan on greased or greased broiler pan. Sprinkle fish with lemon juice, then spread with chili sauce. Arrange pineapple chunks around fish, on foil. In preheated broiler, broil 2 inches from source of heat 15 to 20 minutes, or until fish flakes easily when tested with a fork. (Allow about ten minutes per inch thickness of fish). Makes four servings.

It Remains Mum

The Royal Palace of Belgium has remained mum. It won't comment on reports that there may be another generation of royals on the island of Breda visited their mother, Mrs. A. L. Short at Oakwood during the past week.

Reports have said that Princess Paola the wife of Leopold, Prince Albert is expecting a baby next spring. The Royal couple were married two, sonnets ago. They are currently in the United States, on their island of Mayaca, Albert is the younger brother of Belgium's bachelor king Baudouin.

Hollywood Style Wedding

Chicago had a Hollywood-style wedding yesterday. The widow of film magnate Harry Cohn—Joan Perry Cohn—was married to show tycoon Harry Cohn at the home of a Chicago Attorney. But Mr. Cohn's ex-wife Marie MacDonald wasn't among the wedding guests, although she is appearing at a summer theatre near Chicago.

Not The Usual Type

There'll be a beauty contest in Long Beach, California, but it won't be the usual "Miss Universe" contest. The former director of the Miss Universe Pageant, Oscar Hernandez said the New International Beauty Congress will have a competition to select the most beautiful girl in the world. He said only one American girl will be in the competition against beauties from foreign countries. And the contestants will wear specially designed playsuits—instead of the competition.

She Stands Alone

A Negro woman stands as the lone American reaching the finals at the Pan American games in Chicago. She's Lathia Althea Gibson who reached the finals yesterday with an easy win over Mimi Aldrich of Redwood City, California. Miss Gibson is the former Wimbledon and the national tennis champion. She returned to the tennis court after spending the past year as a night club entertainer and making one movie.

Today's Household Hint

When painting metal furniture, first scrape away the rust by using a stiff wire brush.

Tempting Delicous Dish

In the cool - cool - cool of the evening is the ideal cooking period during the summer months, to plan and prepare for the next day. Refrigerators are the most important piece of equipment to any woman. The man during the hot weather

One car for every 3.7 persons
Toronto—(UPI)—The number of motor vehicles in Canada soared to more than four and a half million in 1958, or for every 3.7 persons.

Figures released by the 1959 edition of "Fact and Figures of the Automotive Industry" released today by the Canadian Automobile Chamber of Commerce show three million passenger cars and six million passenger cars and one million trucks were registered last year.

Revolver Shot
Fired Thru Window
Lee Equipment's new premises on the outskirts of Lindsay were not under attack when it was revealed to "The Post" Friday. No stock or money was stolen but an \$80 plate glass window at the front of the building was smashed when a revolver shot was fired into it.

It is reported that entry to the premises was gained by way of a small rear window. OPP Constable B. McGregor is the investigating officer.

Child Care Plan
Parents may find they're having trouble helping their youngsters with their homework. Educators believe some of the best help a parent can give is to work in close cooperation with school authorities. Teaching methods have changed since mother was in school.

Some news of special interest to our farm subscribers

Clear Up Our Farm Maple Tar Spot

Those third, fourth, and fifth-year maple trees that have been killed by the tar spot disease may be caused by a disease called "tar spot". It develops on the upper surface of infected leaves, and is especially common on silver maple and Norway maple.

Botanists with the Ontario Department of Agriculture warn that the disease may be back again next spring if something is not done about it this fall. The fungus survives the winter on the upper surface of the leaves, in the fall, diseased leaves. In the spring, spores of the fungus are carried by air currents to the young maple leaves where they cause infection.

For control, gather and burn the diseased leaves this autumn.

Dr. Francis P. McNulty

Active in Kawartha White Cane Club

Dr. Francis P. McNulty of Lindsay and formerly of Peterborough, died Sunday Sept. 6, 1939, in St. Joseph's Hospital after a short illness. He was in his 87th year.

Born in Port Dalhousie, Ont., son of the late John McNulty and Sarah Walkerly, Dr. McNulty was educated in St. Catharines Collegiate Institute, and was a graduate of the medical school of the University of Toronto.

Coming to Peterborough in 1900, he established a successful practice, especially as a proficient surgeon. In his professional progress here, he became a member of the surgical staff of St. Joseph's Hospital, and was largely instrumental in setting up its training school for lay nurses.

He was appointed to the city's board of health in 1909, of which he was chairman in 1910-11, one of his activities in the public service. Eventually he became chief consultant of the surgical staff of St. Joseph's Hospital. In 1947, at the University of Toronto convocation, he received an honorary degree.

In recognition of 30 years of service as physician and surgeon, Dr. McNulty was honoured by the medical profession of the city and district at a complimentary dinner in 1947.

Dr. McNulty was a member of the Peterborough Medical Association, serving twice as president, also of the Ontario Medical Association, and for 25 years had been a member of the British Medical Association.

Falling vision in 1933 caused the retirement of Dr. McNulty from the practice in which he had distinguished himself. A member of the Knights of Columbus, he was the last of the charter members of Peterborough Council No. 798. His wife, the former Louise Sullivan died two years ago.

While in Lindsay where he resided for seven years, he was closely identified with the Kawartha Chapter of the White Cane Club. He remained active as long as health permitted. His Lindsay home was with his daughter, Margery, 12 Glenelg St. E.

Dr. McNulty leaves two daughters, Mrs. George McCrene (Marcelle) and Miss Margery McNulty, both of Lindsay; sons Frank and John;

Crystal clear water pleases town's users, Commissioners are told

It was revealed at last week's meeting of the Lindsay Board of Water Commissioners, that samples of water taken at the Town Hall and pump house recently had been certified Grade "A" by the Ontario Water Resources Commission.

Mayor Lloyd Burrows declared that "between 25 - 30 per cent of the town's water is being requested to comment on the sparkling water now being pumped into many Lindsay homes."

Commissioner Duncan Sinclair said there had not been too many complaints from citizens regarding the condition of Lindsay water.

J. Douglas Oke, D.C., begins practice in native town

J. Douglas Oke, D.C., a native of Lindsay, will open a chiropractic office here this month. After completing a four-year course of study at the Ontario Memorial Chiropractic College, Toronto, and graduating as a doctor of chiropractic, he successfully sat for government licensing examinations last June. He has decided to settle in his home town of Lindsay.

Born in Lindsay in 1937, he received his early education at Lindsay Collegiate Institute and then entered the Canadian Memorial Chiropractic College, Toronto. His parents, Mr. and Mrs. G. E. Oke, are residents of this community.

Charged with beating tourist, sentences are suspended, mustn't associate at night

Jack Raymond, 19, and Donald Shell, 17, were both placed on probation for one year and given suspended sentences by Magistrate R. I. Moore Friday.

The pair, together with David Nichols, 19, all of Bobcaygeon, last week pleaded guilty to a charge of unlawfully taking a lady's handbag to a Hamilton baker's salesman - Leo Price and his 16-year-old son, Gerald Price. When the trio appeared in court last week Nichols was ordered to undergo treatment. In passing sentence, Magistrate R. I. Moore said Raymond was a borderline case and said the youth had not participated to a great extent in the vicious attack on the pair of visitors to Bobcaygeon.

One of the conditions imposed by the magistrate was that the two accused must not associate with each other at any night time. "I order this asso-

ciating the water appeared in an out-of-town newspaper.

To Service School
The laying of a water line to the site of the new Girls Training School will be carried on the Oakwood Road to get underway within the next few days. Superintendent Robert Reynolds informed members.

Mr. Reynolds said work on the water line was now at the site.

The Board of Water Commissioners also heard that the water line into the new plant being erected for a new industrial shortly to locate here, will be completed early next week.

In and out of town

Two distinct methods of transportation featured the opening of the new school term at Lindsay last week - bicycles and buses. The multiple bicycle racks in the top picture are at the Central Senior Public School Club. The group of town arrive daily by this mode of transportation. Seen below are two of the many drivers whose responsibility it is to bring high school students to Lindsay from the far-flung corners of the high school area. The driver standing beside one of the buses are, left, Jack Moses and right, Frank Gould.

Magistrate lashes brewers for selling to under-aged; charge Bowmanville youth

"The Brewers' Warehouse is getting away with more than it should," Magistrate R. I. Moore repeated he would not grant the warrants.

When Couch testified that he purchased the case of beer at the warehouse, in Lindsay Barrister M. J. Cunningham said the law was engaged in, looking for bootleggers, "it is taking place quite openly in our government stores," he declared.

Magistrate Moore said he was in agreement with Mr. Cunningham. "They are getting away with more than bootlegging at the Brewers' Warehouse. I would close the place for two weeks for a crime such as this, even if it was the middle of the summer season if I had the power," said the magistrate.

The youth entered a plea of not guilty. The accused testified that on the afternoon of Aug. 22nd he checked two vehicles parked on County Road 7 near Greenhurst. The officer said there was a crowd of boys and girls near the vehicles. Constable Milner said on the rear seat of the accused's vehicle he found an unopened can of beer.

The officer testified that the accused told him Donald Bowmanville was the owner of the beer. "Upon questioning the other occupants of the vehicle I got three different stories declared the constable.

Later that evening the officer recalled the accused visited the detachment office and said that Couch was not the owner of the case of beer.

The accused testified that no beer was purchased before leaving Lindsay. "The first time I knew the store was my car was when the officer stopped me," he told the court.

When Donald Couch, 19, of Bowmanville, took the stand, he was asked to be affirmed of the protection of the court. When pointing Magistrate Moore asked the youth his plea. De-fence Counsel Cunningham said "he has the protection of

Gymnasia Ganu...Welsh to you

"Gymnasia Ganu" ... That's Welsh to you but it has a special meaning for Mr. and Mrs. Jack Murphy of Lindsay.

Actually, the words are part of the title of an organization devoted to the preservation of Welsh music in Canada and United States. And the Murphys are on the executive of the Ontario Gymnasia Ganu at Lindsay.

Mr. and Mrs. Murphy operate the Holmside Cake Shop at Lindsay.

Town's aerial ladder-pumper 1958 model, cost \$2,000 less

Lindsay's 1958 model combination aerial ladder and pumper will cost \$33,599, this was confirmed by town officials today.

On Thursday this paper learned from the Town Office that the tender price submitted by the King - Seagrave Company for 1959 equipment was \$35,000. It was later learned until that there was an accompanying notation to the effect that if the town's fire commission purchased a 1958 ladder instead of this year's model, a \$2,000 reduction in price would be effective.

W.A. Members entertained after Summer Holidays
Bathurst (PNS) - Following the summer holidays, the members of the United Church Women's Association of the United Church of Canada, entertained at the home of Mrs. Earl Weatherill for their meeting on Tuesday.

Mrs. Winifred Spencer presided for the business session and reported on a cleaning bee held in the Lindsay School room earlier in the month.

The work done in cleaning, papering and painting at the school, was reported by the Yelverton W.A. for their donation of a new chrome kit, sent suite for the Parsonage.

Mrs. Walter Neale gave a treasury report, noting a substantial balance on hand.

Tentative plans were made to have the next supper in November, with details left over until the next meeting.

Letters of thanks were read from Mrs. Flucena Davis, Jan VanBeek and Mrs. Charles Reynolds for gifts received during illness, and from Mrs. Kenneth Sturman, Seabrook, with appreciation for catering for their wedding.

Decorations for the church were given by Mrs. J. C. Summisky read scripture lesson and led in prayers.

Mrs. Clarence Rowan, leader of Group Two had charge of the program and gave a very informative talk on Penal Reform and Rehabilitation as carried out by the provincial government and the further work for change in reform institutions.

She discussed Ontario reform plans as well as each type of institution and the newest reformatory opened at Milliken in 1957. It is a closed custody institution and accommodates those who have extreme behavior problems. Attention was called to the "After-Care Program" designed to provide former institution inmates with direction and practical assistance to aid in their rehabilitation, also to the training schools for juvenile delinquents.

Mrs. R. Jackson gave a brief report of the study on the Amalgamation of the Women's Association to be known as the Women's Federation, as reported by Mrs. Love's at the church for leaders in Whitby.

Following the closing of the session the members adjourned to a social hour with lunch served

100% increase in consumption only alternative-Chairman

An increase in rates for Lindsay water users was hinted at by Chairman Maurice Collins at the Thursday night meeting of the Board of Water Commissioners.

Mr. Collins said a 100 per cent increase in the amount of water used would be needed to avert this contemplated action.

Commissioner Sinclair said he felt no increase in rates would be needed if there was an appreciable increase in business.

Over 1,000 people register
A historical display sponsored by Bobcaygeon Public Library and Bobcaygeon Women's Institute and held in the water room of the Boyd Municipal Building has closed after a very interesting summer

Members said they would like to discuss the whole insurance structure at a special meeting.

On motion of Mayor Burrows seconded Commissioner Gordon, a motion to call a special meeting in the near future to discuss the matter more fully was adopted.

Graham responded with an encore.

Mrs. H. Hall gave a reading "You Me II To Yourself," which gave good advice to mothers present, not to make too many sacrifices for their family and in so doing neglect themselves. Children want to be proud of their mothers.

The ladies were then favoured with a solo by little Margaret Walden, who sang very sweetly and gave great promise of a future stager.

Mrs. B. Walden gave a reading, "The House by the Side of the Road," that had a message for those present.

The ladies then pondered over three verses written down by Mrs. L. Graham, Mrs. J. Wallace and Mrs. H. Hall.

The meeting closed with the hymn, "What a Friend We Have in Jesus," and prayer.

The ladies then enjoyed a social half-hour, lunch being served by Mrs. C. Endicott and Mrs. H. Windsor.

The Oct. meeting will be held at the home of Mrs. H. Madill.

Centennial funds included in loot

Post office and theatre also robbed

An estimated \$45, a portion of the receipts from the Minden Centennial, were stolen from the home of Mr. Gordon McKay, secretary-treasurer of the Minden Rotary Club in a daring daylight robbery last week.

Mr. McKay told "The Post" the money had been collected by the Rotary Club at the recent centennial celebrations. It was to have been handed over to the committee later.

Thieves who ransacked the McKay residence took \$60 silver. This money, although moved from the cash box, was later found in the cellar.

Mr. McKay said the break-in took place in the afternoon.

The OPP constables Earl Eastwood and Karl Bush of the Minden detachment are continuing investigations.

Provincial Police at Minden disclosed Thursday that two business establishments were entered by thieves Monday evening.

At the Beaver Theatre an estimated \$30 in cash was taken. Thieves entered the building through a rear door which was forced, police said.

A commercial at the post office in the village resulted in cash estimated at \$30 being stolen as well as a quantity of merchandise. A trial loss of the merchandise is estimated at \$35.

Investigations into the break-ins are continuing.

THIEVES VISIT TWO INNS

Two other recent break-ins in the county area also came to light today.

At the Red Umbrella Inn a motor was taken from a boat belonging to Toronto man Mr. J. McNichol.

Mr. McNichol was guesting at the inn when the theft occurred.

At nearby Hart Lodge a theft of an undisclosed amount of cash took place the same night as the theft of the motor.

Unconfirmed reports state that the amount was \$400. A spokesman for the lodge said the amount stolen was not as high as this but declined to disclose the amount actually missing.

County seeks meeting to plan sewer remedy

The Management Committee of the Home for the Aged in the adjacent Town Centre is to meet with them on Sept. 17th to discuss future plans for the Adelaide St. sewer.

Representatives from the town clerk Clerk Weidon read at Tuesday night's meeting of Council, stated that D. Hubbard, town clerk, relief had been afforded at the site of the recently plugged sewer a meeting would be held to discuss future plans.

The letter stated that the Committee was in agreement between the town and county, making the county responsible for the sewer.

The Advisory Committee of the Board of Works headed by Chairman Jas. McQuarrie will meet at the meeting on behalf of the town.

Miss Margaret Hague spent the weekend with her parents Mr. and Mrs. Noble Hague, Mr. and Mrs. S. Sears, of Toronto called on Mr. and Mrs. E. Hagan Sunday.

Mr. Weldon McPhail spent the weekend with his wife and family at Kooking Lake, Ont. Mr. Jim Condon spent the weekend with his parents, Mr. and Mrs. R. Condon.

Mr. D. Hubbard, town clerk, relief had been afforded at the site of the recently plugged sewer a meeting would be held to discuss future plans.

Hutton sells dairy business

Mr. Jos. Hutton told "The Post" last week that "Hutton's" operation for the past 30 years had been sold to Silverwood Dairies Ltd.

In making a statement to the paper Mr. Hutton said in selling his business he would be joining the staff of Silverwood. The speaker said he would still be meeting and doing business with many of his former customers.

Mr. Hutton said he had taken on this course so that he might relieve of major responsibilities encountered by a small businessman today.

For a little over a year now Mr. Hutton has been dealing with milk from Silverwood's.

Growing his own...

Building permit issued for 'Blackwell' project

The rising cost of smoking has led a local resident to experiment with growing his own, which he says he hopes to roll his own. He points out that he isn't going in for conventional tobacco plants but is utilizing the leaves of some king-size nicotine plants, the sweet smelling flowering variety. Some samples of leaves were curing on show above. Massive, five of them occupy a good share of table top with an area of about eight square feet. Will smoke get in his eyes from the finished product or is it only a pipe dream? Time alone will tell. He declined to be named at this moment on the grounds that he didn't want to tangle with federal excise agents until the experiment proved up.

Building Inspector Jas. E. Egan revealed Wednesday that a building permit has been issued to Mr. Ray Weldon—owner of the gated Blackwell Building—situated at the corner of Kent and Cambridge Streets.

Mr. Egan said that architect plans submitted by Mr. Weldon, had received the approval of the Town Engineer.

It is reported that Mr. Weldon, who commenced renovations on the property Wednesday afternoon, plans to erect a block containing stores and offices.

The Royal Bank are reportedly interested in acquiring the lease for the important corner, formerly occupied by Caruthers Drugs.

Rev. E. L. H. Taylor takes charge of Combined Parishes

Fenelon Falls (PNS)—The Anglican Bishop of Toronto has appointed the Rev. E. L. H. Taylor (Cantale L. Th.) to take charge of the combined parishes of Fenelon Falls, Fenelon, Cobocook and Victoria Road. Mr. Taylor arrived in Fenelon Falls last Tuesday, only four days after the sudden death of the Rev. T. S. Gault. The Taylors have four children, Marjorie, Jennifer, Christopher and Mary. He will be officially inducted as rector on the feast day of St. Michael and All Angels on September 29th.

Mr. Taylor comes to this parish from Holy Trinity Church, Temiskaming, Quebec, where he has been priest-in-charge for four and a half years. Before serving in Temiskaming, Mr. Taylor had been Curate at St. Matthew's Church, Hamstead, Montreal. Previously he had served as missionary in the Yukon for four years, being responsible for three hundred miles of the Alaska Highway, between Whitehorse and Watson Lake, while stationed at Teshin, Mile 804.

Mr. Taylor was born in the Belgian Congo, where his parents were medical missionaries. At the age of eleven he was sent to England, where he was educated in the Royal Navy and saw service on the H. M. S. Diadem.

Mr. Taylor said that he was very favourably impressed with the village and is looking forward to a fruitful and happy ministry here, where he obtained his B.A. degree in 1949 and further degree in the spirit of public service which he received his training for the ministry at the Anglican Theological College, Valais.

New school for Lindsay?

Suggest board delegate member to ask over \$75,000 proposal

Lindsay's Council has passed a motion that a Lindsay Public School Board representative be present at next week's meeting of the board to advise Council further regarding proposed building of an eight-room elementary school in the north ward of town.

In a letter to Council the board asked for permission to proceed with the proposed school. The board said the eight classroom school would cost estimated \$160,000 to \$175,000.

Reeve Bruce Meadows expressed surprise that a figure as high as \$200,000 per classroom was suggested by the board.

Mayor Burrows said it was the board's desire to have the school ready to occupy by Sept. 1960.

"Just where are they going to get 280 children to attend the school," queried Reeves. "We must have them."

Members said they would like to hear further from the board representative before the proposal before commencing further.

FACTS for FARMERS

Some news of special interest to our farm subscribers

Barberry and buckhorn Common barberry and European buckhorn are a nightmarish and subtle pest of the plant breeder and the farmer. A red rust spread smuggled into the country by winds from south can cause a single rust lesion on oats. With Barberry present in the neighborhood, the rust can be spread by the black spore of stem rust, through infection of a barley seed. The rust can be removed by using a fungicide. It's a sure cure, but it's expensive. It's a sure cure, but it's expensive. It's a sure cure, but it's expensive.

The cereal plant breeder is constantly breeding new varieties which are resistant to common strains of rust. Stem rust strains cross and produce new strains. Sea Cadets from over 100 corps east of Winnipeg receive summer training at HMCS Acadia in Sydney, Nova Scotia. First commissioned in 1956, this base welcomes over 2,000 sea cadets each year for a two-week period. Sailing, whaler-pulling, cutter races, swimming

and rowing, round out their winter landside training in seamanship, rifle drill, naval history and related subjects. On Vancouver Island, where this photograph was taken, a similar camp, HMCS Quadra, accommodates approximately 1,000 cadets each year from Western Canada.

These apprentice sailors may never have to display their sailing skill to save their lives at sea, but they will derive from their training knowledge that will give them hours of pleasure once they become "civilian" again.

A taste of the sailor's life in cadets inspires many to make it their career. At 16½ cadets are eligible for trade training in the regular navy. For cadets who wish to continue their education, several scholarships are offered.

In addition to the regular two-week camp, HMC Acadia has a seven-week leadership course attended by about 75 cadets annually. This year these cadets formed a royal guard for Her Majesty, Queen Elizabeth II. Discipline, skill and comradeship in sea cadet training prepa-

these young lads for a useful role as adult citizens of Canada. Whether their future lies with the Royal Canadian Navy or a career in civilian life, sea cadet summer at HMCS Acadia will not be soon forgotten.

Wed in St. Paul's, Lindsay

This charming couple seen here signing the register following their marriage in St. Paul's Anglican Church, Lindsay, are Mr. and Mrs. Robert B. Beggs. Formerly Marie Wotwitz, the bride is the daughter of Mr. and Mrs. Alexander Wotwitz of Dryden, Ontario, and her husband is the son of Mr. and Mrs. Elmer Beggs of Cameron. Bishop Townsend performed the ceremony.

St. Paul's Anglican Church, Lindsay, Ontario, was the setting for the marriage of Marie Wotwitz, the bride, and Mr. Robert B. Beggs, the groom, on Tuesday, Sept. 22, 1959. The bride is the daughter of Mr. and Mrs. Alexander Wotwitz of Dryden, Ontario, and her husband is the son of Mr. and Mrs. Elmer Beggs of Cameron. Bishop Townsend officiated.

Given in marriage by her father, the bride wore a gown of white pure silk organza. The scalloped neckline was embellished with French lace and touched with crystals and seed pearls.

The long sleeves were tapered to a point to correspond with the dropped front. The aisle-wide bouffant skirt featured a pure double puff neck which was decorated with lace appliques and sequins. A crown of French lace, dotted with crystals and pearls held her scalloped finger-tip veil which was also ornamented with pearls to match the gown. She carried a cascade of pink carnations and white Stephanotis.

The bride's sister, Pauline Wotwitz, as maid-of-honour and Mrs. Audrey Beggs as bridesmaid, wore bronze pure silk street length gowns. Their leather head bands and accessories were bone shade and they carried cascades of bronze and yellow mums. Valerie Lelava, niece of the bride, was dressed in a yellow silk organza dress and carried a nosegay of pink and white carnations.

Best man was Orville Beggs, the groom's brother. Ushers were Paul Wotwitz, Jess Beggs, and Alex Ellison. Soloist was Mr. Eric Froeben. Before the ceremony he sang "O Perfect Love." During the service "The Lord is my Shepherd and during the signing of the Register—"I Love Thee" by Greig.

Organist was Bruce Cooper. At Victoria Hall in Cameron, where the reception was held, the bride's mother received in a gray beauteous with corsage of pink sweetheart roses, assisted by the groom's mother, wearing a rose-tinted tulle with corsage of yellow sweetheart roses.

For going away, the bride chose a green wool suit with a black and white patterned bag. She wore an orchid corsage.

In Memoriam

In loving memory of Joseph Milton Staples, who passed away Sept. 16, 1958. However long our lives may last.

— Whatever lands we view, Whatever joy or grief be ours, We will always think of you. — Lovingly remembered by wife and family. (3150)

CLARKE—In loving memory of a dear grandmother, Nellie Clarke, who passed away Sept. 23, 1958. — Forever remembered by Catherine, n. Stanley. (45101)

This continues until it's running with a pretty full head and then he begins to pace the floor, look out the window, make a couple of quick marches up and down the driveway and pull in a loud voice to his better half what's going to take place tonight. The audience is offering gifts home. By this time he's beginning to take on something the look of an Alaskan witchdoctor. ... His hair is dishevelled, necktie and he's generally in a pretty wild mood. ... He's a bit then that he hits on a really smashing idea (smash — it's right) by the way he finds he could lick his wife in wildcats right now! ... He announces that he's going to take up a position on the drive way and when the overdone member of the family gets against the wall, straightening things out in short order if he doesn't straighten out first. But this is this steadily draining off the steam and as time passes he finds he's not so furious as he is worried. It's then that he starts to bargain with his wife and a Higher Power. ... He begins to admit that just as long as he's the head of the household, he's not going to let his wife home, she'll not be out of his sight as he set out to be so. ... Quite an actor, father, don't you think so?

Mr. Herbert Miller of Hamilton said he hired the late Mrs. Ambrosia as a housekeeper. ... He told how, on occasion, Mrs. Ambrosia had left the house and disappeared for two or three days at a time. ... "On one instance she slept near the dump at Hamilton for two night before returning to the house," said Mr. Miller. ... The witness disclosed that disappearance in 1955 he said that he had paid her in \$20 bills. Mr. Miller said the woman's clothing was still in the house.

For many events

Lindsay Central Exhibition grounds were apparently put to a variety of uses in former years just as they are today. Take this gathering of military and other prominent people for some unidentified occasion (possibly the presentation of colors) at the fair ground. Readily identified in the picture are, second from left, foreground, the late Sir Sam Hughes, then

on the way to the peak of his military career: Dr. Herbert Bruce, former Ontario lieutenant-governor, standing next to the man with the dark felt hat and frock coat who is believed to be Dr. Mulligan and immediately on his right, the late John Carey, founder of the lumbering business which is still identified with the family. How many more can you identify?

"TITE-LAP" CONSTRUCTION

locks out the weather

The perfect fit of overlapping ribs in adjoining sheets of Eastern Steel's patented "Tite-Lap" roofing and siding guarantees weathertightness for your farm building. Both at side and end laps, this strong "Tite-Lap" keeps out driving wind and rain. The "Tite-Lap" can be laid right over old wooden shingle or asphalt roofing without removing the original roofing material. Each 5-rib sheet covers a full 32" width. Eastern Steel manufactures several distinct types of metal roofing and siding—each designed with a different application in mind. To help you choose the right covering, write today for your free copy of Bulletin 140, showing the best roofing, siding and accessories for the covering job you have in mind.

Remember, when applying Eastern Steel roofing or siding be sure to use "Preston" brand sheet Lead-Hed nails—the roofing nails with the lead and underlaid the head which plugs the nailhole with rustproof, weathertight lead.

This is the way they used to show for the fair a few years ago at Fenelon Falls. High model cars and low helmets were the order of the day with a dash of flag waving thrown in for good measure. Note the Union Jack in the background, a fact which might be interpreted to mean that the people of that day believed it was the flag Canadians should fly. At Lindsay Central Exhibition this year Union Jacks and the Stars and Stripes occupy the grandstand standard.

HOW TO KEEP YOUR WATCH YOUNG!

When regularly cared for, your watch will give years of fine service. You owe it to yourself to have your watch cleaned and oiled at least once yearly. It's such a satisfaction to have a reliable watch — such an annoyance to have one that's inaccurate. Bring your watch to us soon and let us inspect it — FREE OF CHARGE, of course! Make this a yearly habit. It will pay off.

After the second week of school, the students of Grade Nine are finally finding their way through a maze of corridors and doors and becoming acquainted with the staff of new teachers. There are 12 new ones in the school this year.

Mr. H. G. Cannon comes from South Africa. He received his B.A. from the University of South Africa and taught there for some years. He came to Canada five years ago and taught Sioux Lookout and Rainy River, previous to coming to Lindsay. Mr. Cannon teaches Grades Nine and Ten Mathematics and is interested in all types of sports. Especially baseball, curling and bowling.

Mr. D. W. Wing comes to Lindsay from England, where he received his degree of B.Sc. from Durham University. He served as lieutenant for two years in the Royal Corps of Signals. Following this, Mr. Wing taught for two years at Technical College in England. He came to Canada last year and taught at Hudson Bay.

Junction in Saskatchewan. He is interested in classical music, football, soccer, boxing and fishing.

Mr. K's visit (continued)

Soviet Premier Khrushchev will visit an town production centre today and then produce hybrid corn, which is eaten in the form of meat. The touring Russian's host, Rosewell Gard, will show the Soviet chief some of the most modern methods used by American farmers to get the most from the land. The hearty-eating Russian will have a traditional farm feast of chicken and ham—and of course, corn—at the Garst farm near Canby, Iowa.

Last night Khrushchev had something to say about farming and world peace as he addressed crowds in the town. He said the American farm scene would show the production gap between them and their more advanced American counterparts. Khrushchev also called for increased talks between President Eisenhower and the Soviet Union, for the good of world peace.

Violence in Iraq

New outbreaks of widespread anti-government violence have been reported in Iraq. Travellers reaching Beirut, Lebanon, say the 14-month-old regime of Premier Kassem is being protested in Baghdad and in northern cities. Speculation in the Mid-East is increasing that Kassem and his military imposed regime are about to fall.

Strike in Argentina

A 48-hour general strike has begun in Argentina. In the first few hours strikers in Buenos Aires halted bus, tram and subway services. They also halted postal service . . . and closed down government shops. The government has taken steps to dissolve the Communist party—part of the organizing force behind the strike.

Ready to accept plan?

Informed sources in Paris say Algerian rebels are ready to accept French President De Gaulle's peace plan . . . under certain conditions. The rebels reportedly are seeking assurances that the United Nations will function to determine Algeria's new status . . . that Algeria's right to independence be recognized . . . and that there be no partitioning of Algerian territory.

Fire on nuclear ship halted

A fire that threatened damage to the N.S. Savannah, the world's first nuclear merchant ship, has been brought under control. The two-day fire broke out in the shipyard in the New York Shipbuilding Corporation in Camden, New Jersey, some 500 feet from the berth where the nuclear vessel is now in completion.

Five children die in fire

Five children died in a fire burning in a home in their frame home at Minot, North Dakota. Mrs. Orel Newhouse and three of her children escaped from the smoke-clogged house . . . but five other youngsters apparently were overcome by smoke and unable to escape. Authorities have not yet determined the cause of the fire.

Who's running what?

A Liberal member of parliament came to Ottawa today that he had to receive clearance from American authorities to visit Dew Line bases in his McKenzie River riding last month. M.P. Mervyn Hardie says that despite claims by Prime Minister Diefenbaker and Northern Affairs Minister G.D. Blevins that Canadian citizens did not need U.S. permission to visit radar stations on Canadian soil.

Mysterious luminous object

The crew of a Transatlantic flight says it saw a mysterious luminous object in the skies over Labrador last night. On arrival in Paris, the crew of the Transatlantic International the object was travelling at a very high altitude with a shaft of light running through it which made it appear to have been a "high altitude rocket burning itself up above the atmosphere."

Last-minute fair preparations moisten brows in new heat wave

Under hot sunny and humid temperatures last-minute preparations for the 1969 Lindsay Fair are in full swing. Exhibition got underway this morning. Latest weather forecasts received shortly before noon revealed that the weatherman was forecasting thunderstorms for the opening days of the 10th annual fair.

Today, Wednesday, is unofficial opening day. Tomorrow, at approximately 2 p.m., Premier Leslie Frost will officially open the fair.

Visitors to Lindsay as well as local residents are reminded by various agencies that most of Lindsay's business establishments will remain open on Thursday, Citizens' Day, the proclaimed half-holiday.

Today's list of fare will include an exciting pony parade and saddle races, calf and swine championship show and the judging of art, photography, and handicraft exhibits. At 9.45 tonight the annual western calf rodeo will be staged. Prior to this the Junior Farmers' Show sponsored by

C of C may stage show at the Arena

Dr. Peter Gill, Vice-president of the Lindsay Chapter of the Comstockers of the Order of the Eastern Star, revealed to "The Post" today that the chapter is exploring the possibility of staging a show at the Kiwanis Arena before the ice is put in for the winter season.

The speaker disclosed that the type of show to be staged had not yet been decided upon.

Speaking of Tuesday night's Grand Ole Opry show which the chapter's president, Gill said he is proud to be attending. Dr. 500 people were in attendance. The Vice-president refused the chapter had not made any money out of the show but it lost no money either said the doctor.

Out-of-town press in trouble again

A segment of the out-of-town press is in the soup again for today. According to one report, the "Post" was going to "The Globe & Mail" for quite a while this morning because the newspaper got sidetracked by a letter to Peterborough, News-letters here say they can't understand how anyone could confuse Lindsay with Peterborough, down-in-the-valley community some 28 miles south of the former up-country town, as coming town.

Would have liked to have taken part in Columbus Centennial

Mr. Roy Brown of Post Insurance Agencies said today he wished he had known "The Post" was going to have a Columbus Centennial. "We would have offered window space to display some of the really big ones," he declared.

Weather outlook

SPORT PARADE

(United Press International)

WHITE SOX CLINCH PENNANT

The Chicago White Sox clinched the pennant last night—their first in 40 years.

They did it by beating the second place Indians, 4-2, in a thriller that was not settled until shortstop Luis Aparicio started a double play. In the 27th of his career for veteran Early Wynn, Chicago now leads by four and one-half games. The White Sox have only three games left to play—the Indians only four.

CHICAGO GOES WILD

Chicago went wild when the go-go Sox clinched the pennant. A horn-toting motorcycle band, brass bands and air raid sirens were turned on. One 19-year-old girl became hysterical when the Sox clinched, and was only half-coherent an hour later as she hurried off to the airport to join thousands of fans in welcoming her heroes' plane.

TODAY'S SCHEDULE

The major leagues show six baseball games for Wednesday, three in each league. In the National league it will be San Francisco at Chicago in the afternoon, with Los Angeles at St. Louis and Milwaukee at Pittsburgh under the lights. Cincinnati and Philadelphia are idle. In the American League, Kansas City at Detroit and Baltimore at Boston in the day time. New York at Washington tonight with Cleveland and Chicago idle.

HE WON'T BE PLAYING

Argo football star David Mann will not play this year. Argo management has benched him until the end of his trial. But the trial will not be heard until the winter session of the assizes which meets around January. The autumn assizes which ended today, did not hear the charge of possession of narcotics against Mann because one of the three other persons jointly charged with him is appealing her conviction. The crown would not proceed with the charges separately.

LEAFS SKATE TO 5-3 VICTORY

The National Hockey League Toronto Maple Leafs skated to a 5-3 victory over the American Hockey League Cleveland Barons in an exhibition test in Peterborough, Ontario, last night. The Leafs, with most of their regulars enjoying a night's rest, spotted the Barons a 1-0 lead in the first period, and then pumped four pucks behind Gilt Meyer, and coasted despite the heroics of rookie chair Adamson in the Cleveland net for the final 30 minutes.

Fire Brigade in duo role, ask Mariposa to pay wages when on Mutual Aid call

The following members of Mariposa Council were present at its September meeting: Reeve Owen Sweetman, Dept. Reeve H. P. Glassford and Councillors Roy Morrison, Chas. Stevenson and John Starr.

The Minutes of the previous meeting were read and approved on motion by Messrs. H. P. Glassford and Roy Morrison. Messrs. Wm. Cernish and Robt. Thornton, Little Britain Fire Department waited on the Council. They informed the Council that under Mutual Aid, the Little Britain Fire Brigade was known as the Mariposa Fire Brigade. They asked the Council to pay the Fire-

men's wages when called out under mutual aid.

Moved by Roy Morrison, seconded by H. P. Glassford that the matter be left over until the next Council Meeting for further discussion and that the Little Britain Fire Department be notified of the action. Carried.

Mr. Hewitson, of the Dept. of Highways, Port Hope, waited on the Council. He would call at Manilla and investigate the water problem caused by the highway. He would report on the Oakwood Drain problem.

Mr. Wm. Mortimer waited on the Council. He reported that the Geological Survey drilled two holes approximately eighty feet deep and set off a blast in each with the result that his well went dry.

Moved by Roy Morrison, sec. by Chas. Stevenson that the clerk inform the Geological Survey of the complaint of Mr. Wm. Mortimer regarding his well going dry.

The following Communications were read:

From the Dept. of Municipal Affairs acknowledging the communication relating to insufficient drainage in Oakwood and Manilla and advising that the letter had been forwarded to the Dept. of Highways for their consideration.

From the Dept. of Highways regarding Drainage in the Village of Oakwood and that they would report later on the drainage in the Village of Manilla.

From Mr. L. A. Boucher, District Municipal Engineer, giving approval for the Township to order a "Twain Arch Abutment."

From the Dept. of Planning and Development regarding Permission to Sell a Lot in a Subdivision.

From Rural Farm Statistics enclosing the advantages and cost of taking aerial photographs of farm homes in the municipality.

Moved by John Starr, sec. by H. P. Glassford, that the communications be received and filed.

Moved by John Starr, sec. by H. P. Glassford that expenses incurred at the Oakwood Cenotaph Decoration Service be paid.

The following resolutions were passed:

Moved by Roy Morrison, sec. by Chas. Stevenson, that the Reeve, proclaim Tues. a Public Holiday in and for the Township of Mariposa in recognition of Mariposa Fair held at Oakwood, including the Union Schools and also Wednesday, in recognition of Lindsay Fair.

Household sewer resurgence again

Lindsay's lay councillor claims wrong trees blamed for trouble

Town Engineer J. N. Tuckwell has had week asked to exhaust all possible means of cleaning out the troublesome blockage at Adelaide Street, before a decision on the installation of a new sewer is made.

The joint meeting of the Management Committee of the Victoria County Board for the Adelaide Area Board, which was held at the Lindsay Collegiate Institute, at the Board of Works, agreed that every avenue should be explored before the Town Engineer is asked to submit a report.

Mrs. Doris Acheson suggested that two troublesome trees near the manhole should be cut down and the roots burned. Mrs. Acheson related that in her opinion the trouble could be alleviated if this were done. The speaker also suggested that a flushing of the sewer would help matters.

Board of Works Chairman J. N. Tuckwell said in opening remarks that Engineer Timberlake feels there is a serious blockage due to the roots of the trees.

Mr. McQuarrie said work carried out at the site had only a temporary relief. The speaker disclosed that was the opinion of Mr. Timberlake that the cost of cutting a way through the roots would be too high to justify the trouble to carry out repairs to the sewer would be as costly as the installation of a new sewer.

The Board of Works chairman said the storm sewer from the County Home picks up a lot of drainage water from the nearby fields, a situation which causes flooding in the South West end of the town.

County Clerk Weldon wanted to know if it was Lindsay's intention to let residents tap into the sewer when they are in question because more thickly populated, or whether they were to remain the 100 per cent responsibility of the County, serving the purpose of the Home for the Aged only.

It was suggested by Mr. McQuarrie that if citizens are allowed to tap into the sewer, a decision regarding the percentage of costs between the county and the town would have to be arrived at.

Mrs. Doris Acheson declared that any suggestion that the pine trees were causing the blockage was unfounded. The speaker said she could prove this. The speaker revealed that the troublesome sewer is located between two large maple and apple trees. "Cut these down and burn out the roots," suggested the Councilor.

Warden E. Murphy said he was in agreement with Mrs. Acheson's suggestion.

"The sewer has been flushed out," declared Mrs. Acheson. The speaker suggested the aid of the fire department to get this task carried out as another factor in solving the problem.

Other members present including Irene Herman Buckley and Mr. Harry Deyell, said they would go along with Mrs. Acheson's suggestion.

Mr. McQuarrie said he would see that all possibilities for cleaning out the sewer would be exhausted before Town Engineer Timberlake is asked to dig up the sewer on the matter.

The speaker said he felt if an \$8,000 dividend could be saved by the proposed work, all avenues would be explored.

LCI gas tenders greatly at variance?

It was disclosed at Wednesday's meeting of the Lindsay City Board of Works that the Lindsay Area Board, that two tenders had been received for the installation of gas equipment at the Lindsay Collegiate Institute, at the Board of Works, agreed that every avenue should be explored before the Town Engineer is asked to submit a report.

Truises heard there had been a great deal of variance.

NOTICED . . . along the way

That Echoes of Toronto's CNE are still being heard at Lindsay is the opinion of just one person receiving showing Mrs. Wm. J. Murphy of Lindsay presenting to Ken Liss of Galt, the Murphy trophy for the best uttered Holstein at the Exhibition.

The Old Farmer's Almanac has the weather nail right on the head for the current period. It sums up the forecast for the week this way: "All is lost, here comes winter."

According to the almanac, "This is the time to go motoring off to anywhere—if you can find the road. Dad used to say that information is to carry out repairs to the sewer would be as costly as the installation of a new sewer."

Ingram—still at the helm.

Kent Street was blocked last night at the western entrance to the town and at Adelaide. It was digging a trench across the street. Who would have thought the Khrushchev's visit would have gotten people so stirred up.

Attention owners of well-wooded Holstein cows!

Anyone with a well-wooded Holstein cow might do worse than enter it in the Lindsay Central Exhibition's livestock show this year.

Fair Manager Newton Wilson has a couple of handsome trophies on his desk, today which were handed to him by Wm. J. Murphy, mastermind behind Muro's Farms, exporters of Holstein cattle.

The trophies are in the form of two silver-plated bronze water pitchers and the winner of the competition takes both of them home with him, one to keep and the other for re-competition next year.

Lindsay barber reports first snowfall Barber Frank Speer claims to have been the first Lindsay man to have snow this season.

Industrial chairman pleased with advent of new industry

Industrial Chairman Mel DeGroot has expressed pleasure over the advent of a new industry to bolster Lindsay's industrial front. In a statement issued at the time of the official announcement regarding the industry, Mr. DeGroot said:

"As chairman of the Lindsay Industrial Committee it is indeed an exceptionally happy day for Lindsay and myself to take part in the official announcement of the establishment of a new industry in Lindsay. We know that Schultz Die Casting Company of Canada Limited will be a tremendous asset to the community and we are positive that the people of Lindsay will in turn prove to be as a help to the successful future of this Company."

"As stated in the official release from the Schultz Die Casting Company, preliminary discussions were commenced some three years ago through the auspices of the Lake Ontario Development Association and it is now reaching a critical stage which will see the successful cooperation of all new towns and many individuals, Lindsay was able to convince this concern of the advantages of locating here."

"As chairman of the Industrial Committee I would like to publicly voice my appreciation of the assistance received from the Board of Works, The Board of Water Commissioners, the Hydro Commission, the Town Solicitor, the Assessment Commissioner, Consumers' Gas Co., the Canadian Pacific Railway, and many other organizations and individuals who are unstintingly giving of time and cooperation."

"Two groups that might be considered as 'unsung heroes' in this endeavor are Lindsay's fire and police departments. They are the local press and radio and the industries present."

Ed. Note: Paragraph 4 of Mr. DeGroot's statement seems to include one too many "unsung heroes."

Khrushchev Proposes Total Disarmament

4-year plan to end ability to wage war advanced to the U-N

United Nations, Sept. 19 (UPI) - Soviet Premier Khrushchev has proposed that all the world's "Land Armies, Navies and Air Forces shall cease to exist" by 1993.

The proposal is a speech to be made at the U-N General Assembly.

This was his promised opening to the discussion of the proposed disarmament plan.

Khrushchev proposed an International Control Organization with representatives of all countries to enforce the disarmament program.

Speaking before a packed audience, the Premier said: "The Soviet Union did not control the world's nuclear armaments."

He said that the world's nuclear armaments should be reduced to a level that would not be a threat to the world's peace.

The Communist leader said: "The Soviet Union will not use its nuclear armaments to threaten the world's peace."

LINDSEY MENA'S MAJOR LEAGUE TEST

OF MONDAY, SEPTE 21, Kent Hotel 7, Minikers 11.

At the beginning of the league's newest entry, started in a fashion by shutting out the Plumbers. Harv, Heatlie with 653 and Cam McGrath with 1445 paced Kent Hotel. Norm Campbell pulled a nice 702 in losing cause for the Plumbers.

Maunder Hotel 5, Cottage restaurant 2.

Cot Brooks rolled the 717 in the night of the high in leading Maunder to victory. Royce Daynes assisted with 651 and Cam McGrath an even 700 for Cottage.

Kent Cleaners 5, Waterloo 6.

The Cleaners had stayed, James by Vaughan Poope 654 and Ben Cornwall with 653 and Cam McGrath with Waterloo with a 665.

Victory Cleaners 4, Canadian Legion 3.

Cam McGrath with 691 and Perry Reid with 690 led Victory to their narrow win. All the night the legion were led by a high single.

They were bowled by Bill Follisell (359), Cot Brooks (353), Cam McGrath (353), Cot (281) and Ben Cornwall and Harv. Heatlie each with 271.

Home through right centre and left. Cot Brooks Campbell lined a double down the third base line. Lucas walked with Wood batting. Campbell stole home. The game was tied. Third Woods topped a roller toward third that wouldn't roll. The game was tied. The game was called out on strikes.

Donald, of Deseronto, William of Belleville and John of New

Graham fouled out.

Second Inning:

Chase made a nifty running catch on Morley Daynes long drive to left centre. Hodgson swung out. Horton walked, and Groulx rolled to Lucas. The De-Nuts picked up their first run after two outs in the second turn at bat. Hodgson travelled far to squeeze Alce Pearson's host to right. Campbell grounded out to first. Dave Lucas lined a solid double over short. Morley Daynes got away from Morley Daynes as Lucas moved to third. While Groulx walked to second, Lucas a walk. Woods and Lucas worked a double steal to tie the score. Sinclair walked to lead the base. But Chaffin fouled third for the third out.

Third Inning:

Visiting down in order in the third. Pearson grounded to third. Groulx lined to short, and Alce Pearson threw to short. Walter Horton grounded three runs in their half of a 4-1 lead, again after two were out. The De-Nuts walked. Morley Daynes took Graham's lead, kept behind second over his shoulder. Pearson boomed a

WORLD SERIES

It will be the Los Angeles Dodgers against the Chicago White Sox when the 1959 World Series opens at Chicago's Comiskey Park on Tuesday. Milwaukee took the series the hard way, by defeating Milwaukee two straight games in a two-out-of-three game playoff in yesterday's second playoff game, the Dodgers scored three runs in the bottom of the ninth inning to tie the game up 5-5 and send it into extra innings. Both teams went scoreless in the 10th and 11th innings. Then, in the 12th inning with two men out, Carl Pavano of Los Angeles singled with Gil Hodges on second. Milwaukee's shortstop Felix Mantilla made a clean stop of a hard chance... but he was three wide to first and Hodges came home with the winning run.

DOGGERS DRESSING ROOM

In the Dodgers' dressing room after the game, Los Angeles manager Walt Alton said his boys won it because they are a team that "never quits". When asked about the World Series, he said he would like to think about before naming a starting pitcher for the first game. But he told newsmen, "If you were to guess Riger Craig, I don't think you'd be too far off".

SOX FAVORED

The Chicago White Sox are favored (6-5) to defeat the Dodgers in the World Series. The Chicagoans are also the 6-5 favorites for Thursday's first game.

HOME RUNS

Eddie Mathews of Milwaukee took advantage of the two game National League playoff to win the league home run title outright. After the regulation 154 games, Mathews was tied with Ernie Banks of Chicago with 45 home runs but in yesterday's playoff game, Mathews hit his 46th to win the league title.

LITTLE WORLD SERIES

The Little World Series between Minneapolis and Havana has been moved to Cuba for the rest of the games. Rain and cold weather in Minneapolis forced the move. Minneapolis of the American Association and Havana of the International League are now tied one game apiece in the best of seven game series. The game scheduled for last night at Minneapolis was postponed because of cold weather.

CLEVELAND

The Cleveland Indians announced today that they have signed a working agreement with the Toronto Maple Leafs of the International League. The Maple Leafs will replace San Diego in the Pacific Coast League in the Indian fan system. The San Diego team announced last week that it did not wish to renew its agreement with the Indians.

PHILLIES

The Philadelphia Phillies have purchased outfielder Bobby Del Greco from Buffalo in the International League. Del Greco... who has formerly played with four other major league clubs... led the International league in runs scored and hit 46 home runs.

TENNIS

Tenacious Ramanathan Krishnan of India advanced yesterday in the first round of the men's singles of the Pacific coast amateur tennis tournament of Berkeley, California. Other player names advancing were Indian Davis cup player Premjit Lal and US star Barry Mackay.

BOXING

Sixth ranking middleweight Joey Giardello fights Dick Tiger at Chicago tonight. Tiger is the British Empire Champion from 1978 to last year, Tiger beat previously undefeated Ace Armstrong.

RACING

Three important horse races are scheduled for today. At Hawthorne Race Track in Chicago, the feature will be the 25-thousand dollar Add Miss Illinois stakes for three year olds. At Aqueduct in New York is the 25-thousand dollar Lawrence Realization for three year olds. And at Rockingham is the 20-thousand dollar Rockingham Futurity.

RUSSIAN

The British Lions Rugby team scored the biggest victory of its five month tour last night beating Eastern Canada 70-6 before four thousand-380 fans at Varsity Stadium in Toronto. It was the final game of their tour during which the Lions won 27 and lost six.

HOCKEY

The Cleveland Barons of the American Hockey League defeated the proud Montreal Canadiens of the National Hockey League 5-3 in an exhibition game at St. Thomas, Ontario, last night. The Barons' Glover was the standout of the game with three goals, two in the first and the clincher in the third.

This Day

By United Press International

Today is Wednesday, September 27th, the 273rd day of the year, with 92 more days to go in 1959.

The moon is approaching its new phase.

The morning star is Venus.

The evening star is Jupiter and Saturn.

On this date in history: In 1922, depression disorder hanger broke out in the last but hunger marchers stormed Whitehall.

In 1938, the Munich Conference ended with an announcement that Britain and France would accept Hitler's demand for annexation of Czechoslovakia's Sudetenland.

In 1942, Adolf Hitler predicted that the occupation of Stalingrad would be a gigantic success.

In 1966, the International Military Tribunal in Nuremberg, Germany found 22 top German Nazi leaders guilty of war crimes and sentenced 11 of them to death.

In 1953, President Eisenhower announced that the United States will be present at all games to give the girls a hand in the rooting department.

Here's a thought for today: Adolf Hitler's last words were: "I am a German first."

dictator, said: "Mankind has grown strong in eternal struggles and it will only perish through eternal peace."

JUNIOR FOOTBALL

The Junior Football team is now working very hard in preparation for their opening game on Thursday, October 1 in Cobourg. The game dates have been changed due to the fact that many of the players work Fridays. The exact time and date have not been arranged yet, but one game will be played every week. We wish the team the best of luck in the coming season and hope that everyone interested in the school team will be on hand to root them in victory on Wednesday, October 7 when they meet Kenner in the team's first home game.

Key Club Dance

The Annual Key Club "Get Acquainted Dance" will be held on Friday, October 2 at 8:30 p.m. The dance will be for couples and 50 cents stay. It is hoped that all students will attend the first dance of the year.

Girl's Athletic Association

The girls running for the executive offices of the G. A. A. will try the platform on Thursday, October 1 at 3:10, when the elections will be held. There are two contesting groups represented by the Red Ticket and the Blue Ticket.

The various parties on the Red Ticket are for Vice-President—Jan Targen; for President—Carol Johnston; for Secretary—Sandra Reynolds; and for Publicity Manager—Nancy Golden.

The various parties on the Blue Ticket are as follows: President—Joan Ann Webdale; Vice-President—Janet Weidale; Secretary—Deanne Ford; Publicity Manager—Anne Bantley.

Two officers were filled by acclamation. They were the Athletic Stick and Treasurer.

Paul Allen and Sharon English occupy these offices respectively.

We wish all candidates the best of luck in the election.

Boy's Athletic Association

A meeting was held on Tuesday to determine the candidates running for the office of the B. A. A. The election held by the B. A. A. are quite different from those held by the G. A. A.

W. Peel and W. Joyce will be the best of luck for the office of President. J. Peel, G. Thomas, and J. Bingleman will be running for Vice-President.

Running for Secretary are L. Bowie, B. Cook, L. McGinnis, T. Gill, L. Lynch, D. Kennedy, and R. Babcock. K. Gibbons, R. Pillsbury, G. Wilson, M. Smith, G. Dymnes, T. Abbott, and P. May will be running for Publicity Manager. P. Ashmore was appointed Treasurer and G. Berry was appointed Athletic Stick. The Past President is J. Jung.

The election date has as yet not been set.

Choreleaders

Something new has been added to the cheerleading section this year. BOYS' I. J. Bingleman, L. Lyons, N. Peel and S. Lyons will be present at all games to give the girls a hand in the rooting department.

Chess Club

This is the second year for the Chess Club, which was formed last year under the guidance of Mr. J. J. Bingleman. The club held its elections last week with the following slate of officers being chosen:

President — Don Edollett; Secretary-Treasurer — Larry Lacey.

The boys meet every Monday and contest in a round robin.

W.I. decide on bowling league

The September meeting of the West Ops W.I. was held at the home of Mrs. Jim Walker with a fair attendance.

With Mrs. Hope in the chair, the meeting opened with the Institute Ode, Mary Stewart Collect and Lord's Prayer.

A two minute silence for a departed member was observed.

The minutes of the previous meeting were read and approved and communications read.

The business of the meeting was then discussed.

Mrs. Jim Graham and Mrs. Basil Murphy acted as leaders for the 4-H girls club for the fall and winter.

Delegates to the Toronto Convention were announced.

It was decided to try and form a Bowling League for the winter months.

A Ball sale is to be held and final plans for the Fall exhibit were discussed in detail.

Clare Western says they're biting good

For women only?

Mr. Clarence Western of Western's Cottage, Snug Harbour, says visitors in front neck of the woods are going great guns when it comes to fishing.

The meeting was then turned over to the Citizenship Convener who presented the programme with singing of "O Canada".

Mrs. Maurice Tompkins gave a reading entitled "Canadian Citizenship".

A Ball sale is to be held at the meeting gave a paper on Citizenship and Mrs. Carl Brown read a story entitled "Nothing But the Best".

This brought the programme to a close with the Institute Grace.

The hostess and her helpers served a delicious lunch and Mrs. Bill Rowntree moved a vote of thanks.

Bringing to a close a very pleasant afternoon.

1960 CHEVROLET CORVAIR

These two views of the new compact Chevrolet Corvair show its excellent all-round visibility, smooth styling and sleek appearance. The Corvair is only four feet three-inches high and 15 feet long,

yet it accommodates six people with ease. A lightweight air-cooled engine in the rear, independent four-wheel suspension system and unitized construction of frame and body are innovations.

Three weeks in Russia on 'her own', Teddy Forman relates experiences to Lindsay B & PW Club

The Lindsay B & P W Club started their 1959-1960 season with a dinner meeting held at the Legion Hall on Monday, September 21st. The Club was very honoured to have as their Guest Speaker Miss Edna "Teddy" Forman, a former Lindsay girl and now of radio and TV fame who was introduced by Harriet Bate and thanked on behalf of the Club by Ruth White. Miss Forman gave a very interesting and informative talk on her recent three weeks spent in Russia. "On her own". She also showed a number of coloured slides which she had taken during her stay in Russia.

The Club was very pleased to have a number of guests at this meeting who had been neighbours, school friends, school mates and friends of "Teddy" who was just like old home week for "Teddy" and her mother.

During the course of the evening, Miss Maureen Junk presented two musical numbers accompanied by Mrs. Helen Fulton, at the piano.

The Mystery draw donated by President Ruth Smith was won by Miss Mary Curtis.

It was announced that the Bursary of \$100.00 donated by the Club each year, had been forwarded to a deserving student to help further her education.

Etelle Boyfield was presented with a small gift by Frances O'Leary on behalf of the Club on her approaching marriage.

The President announced that plans had been finalized for the rummage sale at the Legion Hall on Saturday, October 3rd and also for the Coffee Party on October 7th at the home of Mabel (Adams) Johnson. The Coffee Party Business Women's Work which is the week of October 2nd.

President Ruth Smith is to Conference to be held in North Bay after in October. The meeting was closed with the singing of the Lord's Prayer by the members and guests gathered around to talk to Miss Forman and her mother.

Size of the Bible. According to the authority, the St. James version of the Bible has 1,186 chapters, 31,773 verses and 752,000 words. It contains a total of 2,568,480 letters. The word "and" appears in the Bible 4,622 times.

Head of Christ Painting Presented to Salvation Army

Halliburton (PNS) — At the regular evening service in the Salvation Army on Sunday evening a very special service was held when the family of the late Mr. and Mrs. George Ward presented a painting. Sollman's Head of Christ to the church they had worshipped in.

During the service Mr. William Gladwin was at the piano and Miss Betty Barnham sang very sweetly, "His eye is on the sparrow."

Lieut. James Thompson chose for his topic, "The Two Great Commandments," and the text was "Master W. L. is the Great Commandment!" for this dedication service.

The members at the late Mr. and Mrs. George Ward were all present at this unique service.

The church was filled, there was standing room only.

Salvation Army Home League

On Wednesday the first meeting of the season was held in the Salvation Army Hall, with Mrs. Capt Stevenson in the chair. After a short devotional period the report of the delegates to Home League Camp in June, was given by Mrs. L. Robertson.

The account of crafts learned at this camp on Roblin Lake, and the inspiring devotional periods and warm fellowship proved very interesting to the ladies present. After the singing of the theme song, "If I have wound up any soul today," the meeting was closed with prayer and a cup of tea and cookies were served by Mrs. Linklater and Miss Dorothy Sine.

On the following Wednesday the ladies met again, with the theme of the meeting being "Mirrors." After singing of a hymn and prayer, the Scripture was read by Mrs. Elsie Langley and Mrs. Carey gave a reading on "God's Beauty Parlor."

A novel feature for the meeting was then held, having each woman tell most pleasing and interesting experience of summer. As some had travelled to Cornwall to see the

Queen and north places of interest these short, impromptu talks were enjoyed very much.

After singing of chorus, "Come Beautiful Christ," an article entitled "Mirrors of the Soul" was read by Mrs. L. Robertson. Mrs. Stevens then gave a short message on James 1:23-25. All messages and address pointed up the fact that true beauty comes from within when a life is consecrated to God.

Plans were made for next week's meeting when several of the ladies will model hats they trimmed on theme "Safety Hats".

Tea and sandwiches and visiting time was then enjoyed by all present.

The Home League is a group of ladies of every denomination who gather each week at 2:30 in the Salvation Army Hall. The four-fold program of this group is Home-Life, Spiritual Devotion Service and Friendship. If you are not busy on that afternoon and would care to attend, a warm welcome is waiting for you.

Evening Auxiliary Plan Tea and Sales Table

Little Britain (PNS) — The September meeting of the Little Britain Evening Auxiliary was held at the home of Mrs. Alvin Taylor on Wednesday, September 16.

The President, Muriel Corneil opened the meeting with a poem "If a body be a body," followed by prayer.

Roll call was answered by fifteen members and there were five visitors present. Minutes of the previous meeting were read by Verna Mark.

It was moved and seconded that the auxiliary have an afternoon tea and sales table.

The afternoon tea will be held in the United Church basement. The worship period was given by Mrs. Jan Nowakowski and her group.

The theme was "Fellow workers with God." Hymn "Nearer My God To Thee," was sung. Scripture reading was given by Doreen Taylor. Prayer by Helen Palmer, followed with the Lord's Prayer in unison.

The offering was received and dedicated. One verse of the 104th Psalm was sung, followed by prayer by Ruth Gerrill.

A chapter of the Study Book on Africa, given by parts by Jan, Helen, Ruth and Doreen.

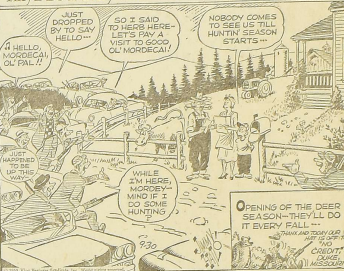

The group in charge served a tasty lunch and a social time spent by all.

Helen Thornton moved a vote of thanks to Mrs. Taylor for opening her home and to group in charge.

34 killed in plane crash

A commercial airplane here exploded and crashed in East-Central Texas near the town of Buffalo, killing 34 persons aboard. A local family reports hearing bells falling on the roof on their home... then the impact and blast of the wreckage hitting the ground. A witness said it looked like a flaming meteor going down. The Braniff Airways flight out of Houston was bound for Dallas, Washington and New York.

At least 5,000 people dead

At least 5,000 people here are reported dead and missing in typhoon-ravaged Japan. Typhoid and dysentery are reportedly sweeping the flooded areas around Nagoya. Latest casualty figures also number the injured at more than 10,000 with one and one-half million persons homeless.

Gracie weakened

Hurricane Gracie-weakened to a tropical storm-has crossed into North Carolina near Charlotte and threatens flash floods. Inward to parts of Maryland and Pennsylvania. Experts say the storm could damage nearly all of North Carolina's 400-million-dollar tobacco crop. At least two persons have been reported killed in ravaged South Carolina.

Hannah heads for mainland

Another hurricane now named Hannah is moving toward the mainland 970 miles east of Palm Beach, Florida. The chief of the Miami Weather Bureau comments: "It is too early to say definitely that Hannah will move inland, but she will be extremely ferocious if she doesn't". Carrying winds up to 100 miles per hour, Hannah does not as yet threaten any land areas.

Eisenhower personally appeals

President Eisenhower has made a personal appeal to industry leaders to resume negotiations and settle the 75-day-old U.S. steel strike. The industry leaders appeared at the White House today at the request of the President. Later, he will see union officials.

Explore co-ordinated disarmament

Government sources have disclosed the U.S. and Britain have begun working out a co-ordinated Allied Disarmament policy. The need to align Western arms cutting ideas has prompted the talks. The sources say France, Canada, Italy and other members of the Western negotiating team at Geneva will join in the talks already begun.

Another peaceful co-existence appeal

Soviet Premier Khrushchev made another call for peaceful co-existence as he arrived in Peking for the tenth anniversary of the Red China take-over. The Soviet leader told an airport crowd and gave a speech: "We must do everything within our power to clear the atmosphere and create conditions for friendship among the people".

496 immigrants arriving

The liner "Vancouver" is scheduled to disembark 496 immigrants from Mediterranean countries today in Halifax. Most of the immigrants will be transferred to trains for Central and Western Canada. Another 727 passengers will be disembarked at New York.

Wheat yield average 16 per acre

The Saskatchewan wheat pool predicts a provincial wheat crop this season of some 237-million bushels. This represents an average of 16-bushels an acre. The pool cautions its estimate is based on incomplete returns because of harvesting delays.

small audience on the grandstand. It is much nicer to show to a full house. The quality of the ponies was good, the pony shown in the first class winning first. Owned by Hayes Bros. it was a nice looking stud. It was a lot of saddlers who also went turned out.

"We were disappointed that our good pony showed lameness in his hind leg and was unable to be shown any more that day. It is now recovered the trouble having been caused by a faulty shoe. "I had at least 50 people ask me where the ponies were and sorry to say, I had to tell them the show was by then all over. "There is a great interest in that part of the show and I think there should be a display throughout the duration of the fair, including participation in the grand parade of livestock on Saturday afternoon.

PERSONALS

Miss Margaret Harris' has returned to Peterborough, after spending a week with her sister here in town. Mr. and Mrs. J. Magahay of Belleville, visited relatives here on the weekend and attended the exhibition.

"I had the pleasure of being on the board of Lindsay Fair for around 15 years and I think this was about the best showing in a long time. The show in front of the grandstand was very good and the stand was well filled. Saturday's crowd, I believe, was one of the largest I have seen at the fair. "Through my long illness this year I had to take less interest in showing and my son had to carry on, doing a good job. "I wish Lindsay Exhibition the very best of luck."

Legion Leafs 1959 Champs

Behind the steady pitching of George Babcock, the Legion Leafs emerged from the playoffs as the champs for 1959. The smaller Moose Lodge boys tried valiantly but could not halt George's slants at all. The lay-off of a few weeks along with the cooler weather definitely had an effect on the play.

The "Pop Ivy" trophy will be presented to the winners on presentation night, date to be decided upon sometime soon. This might be a good time to commend the following people (for their splendid and useful fish service towards the boys: Bill Kuffer, manager of the Kinnear Innkeepers, whose team headed the league at the end of the schedule. Bob Bove, manager of the Moose Lodge and his assistant, Tom McLean, whose team lost out in the finals. Owen Johnson and Gerald Tracey, whose Legion Leafs were victorious, and Bill May, who managed the Rotary Braves. The team management says "We would also like to thank the opportunity and the very much all those who took time from their own activities to umpire the ball games for us. Also to Fred Robertson and the Trent Valley Bakeries for their kind donations which helped make this tournament the best ever."

Oakwood (PNS)—The September meeting of the W.I. was held in the community hall. President Mrs. M. Sweetman presided for the meeting, and also acted as treasurer in the unavoidable absence of Mrs. H. Stroud. The meeting opened with the singing of the Ode and repeating the Mary Stewart Collect and Lord's Prayer in unison.

Fourteen members answered the roll call by naming a Canadian export. The minutes were read and approved and the treasurer's report showed a balance of \$500.01. Collection amounted to \$1.60 and two fees were paid. Mrs. H. Grills read the communications.

The following motions were carried: That all bills be paid; That Oakwood W.I. do not have a 4-H Club this year; That Oakwood W.I. do not contact Mr. Sowerbutts in regard to a pottery demonstration; That Mrs. A. E. Webster be the delegate to the area convention; That the W.I. give the boys' and girls' soft ball teams a banquet again this year, and that the date should be set later; That the Institute meet Mr. Hoskin half way for the empty seats on the bus trip to the exhibition.

Current events prepared by Mrs. P. Teel were read by Mrs. Roy Webster.

Mrs. Ken Squires gave an interesting paper on "The Sugar Beet Industry of Western Canada" explaining the history and origin of beets, their value and extracting the beet sugar.

Mrs. P. McCorvie, Mrs. Roy Webster and Mrs. R. Raine all gave interesting readings.

Mrs. R. Raine and her committee served a delightful lunch.

Omamee (PNS) — Congratulations are extended to Mrs. Edward Chatten who celebrated her 80th birthday on September 12. A dinner in her honor was held at Orange Corners Hall and given by the family.

Present were five children, 26 grandchildren and one great grandson.

Others attending were her sister Miss Harriett Rix of Omamee; her cousin Miss Minnie Long of Norwick, England; Jessie Chatten and family of Corbyville; Mr. and Mrs. Wm. Chatten and family, Omamee; Mr. and Mrs. Fred Point; Mr. and Mrs. Ken Boyd and family; Mr. and Mrs. Edward Searight and son, Peterborough; Mr. and Mrs. David Lennsbrough and son, Oakwood.

McQuarrie submits progress report to Council

Mayor Rescues Firemen from Burning Building

Failure of the subdivision to supply necessary information to Council has been blamed for slowing down progress on a request for subdivision services by Springfield Gardens, Ops Township.

Councillor J. McQuarrie made this charge at a special meeting of Lindsay's Council last night.

Chairman of a three-man committee appointed to meet with representatives of Ops Township to discuss the proposed subdivision of services to the subdivision, said the parties met on Sept. 1. Mr. McQuarrie called the joint meeting "very harmonious."

Outlining briefly the items discussed at the meeting the chairman revealed that deep-seated animosity had been reached on all matters discussed.

Mr. McQuarrie reminded Council that the Township has no engineering department. Things discussed the speaker said, included plans, maps and proposed collection street cleaning, and snow removal.

There are many problems this application brings out and the Ops Council are in sympathy with our position," declared Mr. McQuarrie.

The chairman said as soon as all details had been worked out he would be entered into the two councils.

Following block to the problem is the failure of the subdivision to furnish us with the material requested of him, declared Councillor McQuarrie. The speaker revealed material requested as a basis for clarifying charges for the sewer plant had not been forthcoming from the subdivision.

The chairman disclosed that Town Clerk Alhey had requested this information of other municipalities in order to assist the Lindsay and Ops municipalities to arrive at a satisfactory decision.

Councillor McQuarrie reminded Council that they still had to make the big decision "whether they wanted to sell services to an outside municipality."

It was stated by the chairman that he proposed to wait until the next week to await further details before drafting an agreement. "I hope to have a full report on Monday," stated Mr. McQuarrie.

Mayor Burrows said he felt that the Township and Ops and his committee's debt of gratitude for their work on this problem. It is evident that the Township is not sleeping on this matter," stated his worship.

A press release made available to only one outside newspaper alleged Township Council was "decidedly in a hurry" to make a decision was attributed to the principal figure in the subdivision, Mr. Stoler.

Two Lindsay bowling leagues are preparing to swing into action almost at once.

On Sunday, P.C. March told us that the Lindsay and Ops Bowling Leagues will be held on October 6th. Game time is 4 to 5:30 p.m. (approximately).

Students wishing to participate were urged by P.C. March to either enter their names in the bowling alley or to him. He explained that the Kiwanis Club supplied membership to the Canadian Junior Bowling Council, Ontario branch.

Peak enrollment in the league is expected to be 40 members.

The other league which is advancing on the bowling scene is called "Industrial." According to an official of the league, it will toss its first bowl tomorrow night (Wednesday) at 8:00 p.m.

Fourteen league leagues expect to utilize the playing skill of 40 members.

Three trophies are up for competition including one from Lindsay Woods Mills Ltd. and one from Knitters Limited. Industries participating in the league are Lindsay, Donhouse Shoe Co. Major Lloyd Burrows revealed at Monday night's Town Council meeting that earlier that evening he had rescued 15-20 children from a burning building on William Street north.

The mayor said he was present at the outbreak which occurred at the premises formerly occupied by the Ont. Dept. of Land and Forests. There were about 15-20 children walking about the building while firemen were fighting the fire," said his worship. Mayor Burrows went on to disclose that a relative of the owner of the building had taken Fire Department Chief Harry Pearce and his crew pushing the children away.

from the burning building. It was very distressing there was no police at the scene said the mayor.

Deputy-Reeve Harry Pearce related that he was disappointed in the actions of children at the scene of the outbreak. Children were in the building but the adults made no effort to get them away from the premises until the arrival of the mayor. Mr. Pearce said there was a policeman at the outbreak but he was summoned to an accident shortly after the fire.

Reeve Maidens suggested the fire chief had the authority to order anyone from any burning building. "He has absolute authority at a fire," said the reeve.

It was pointed out by mayor Burrows that Chief Arnold Watson was on the second floor fighting the outbreak at the outbreak but the children were wandering around the premises.

Fire Chief Watson revealed Tuesday that the outbreak had been caused by the careless distribution of a cigarette. The chief estimated damage to the building at \$1,500. Damage resulted to the rear of the building. The property is owned by Mr. E.N. Gregory.

Happy wedding picture

This happy wedding picture shows Mr. and Mrs. Stephen P. Herlihy following their marriage in Our Lady of the Victory Roman Catholic Church at Mount Dennis. Mrs. Herlihy is the daughter of Dr. and Mrs. Stanley Harper of Mount Dennis and the bridegroom is the son of Mr. and Mrs. Walter Herlihy, Downsview.

The marriage of Mary Elizabeth Ann Harper, daughter of Dr. and Mrs. Stanley Harper and Stephen Patrick Herlihy son of Mr. and Mrs. Walter Herlihy, Downsview, Ont. took place recently in Our Lady of the Victory Roman Catholic Church, Mt. Dennis.

Given in marriage by her father, the bride wore a gown of silk organza, the bodice adorned with lace dashes. Her resplendent skirt of organza over net and taffeta was also adorned with lace, and extended into a short train. Her crown of lace held her finger-tips well of little illusion and she carried a white prayer book with small bridal flowers.

Her attendants, the groom's sisters, Marion Herlihy, Mary Patrick, Carol Harper, and the maid of honor, were dressed in organza over taffeta with matching floral headbands and carried mixed flowers. Junior bridesmaid, Lydia Wallace, also in the gown of blue silk organza over taffeta and carried pink roses, gladioli and mums.

The groom's brother, Paul Herlihy, was best man. Ushers were the bride's brother, Dr. David Harper, and Larry Frank Herlihy, brother of the groom, who was solicitor.

The wedding reception was held at the Old Mill, where the bride's maternal grandparents, Mr. and Mrs. Charles Thompson, gave a large gala night with yellow and blue floral design. Her corsage was of yellow roses. Assisting with the groom's mother in a gown of blue silk with pink accessories and a corsage of pink roses.

Mr. and Mrs. Herlihy took the first drive from the bride travelling in a pale blue silk dress with matching jacket, and light navy blue shoes. They now reside in Toronto.

There's little similarity between the modern American family and the family of a few years ago. And the change has captured the attention of sociologists, psychologists, and the government.

The U.S. Secretary of Health, Education and Welfare... As they "flaming" as has varied so much. "Now, perhaps more than for former times, the family is under attack, threatened with dissolution and gravest problems of survival and functioning in a rapidly changing era."

The situation tends to give mother a more equal voice in family affairs. And to some extent, it has made the mother more than ever to her own devices.

From place to better job opportunities develop. Children trail along and change schools. Little sense of security and permanence remains.

The expert says our abundance has produced children overstimulated by constant activity... a kind of sensory bombardment. Youngsters really more and more on processed entertainment... movies, television and rock and roll.

The schools are assigned more of the education and discipline of children... an assignment which is shared by parents. Community youth groups are given the job of providing recreation and technical training.

Mrs. Field Day at Fenelon Falls

Fenelon Falls (PNS) — The annual success of a traditional Field Day to date held at Fenelon Park with sunny skies but decidedly chilly breezes, M.W. Robson was Master of Ceremonies and brought greetings from the Rotary Club and the judge was Mr. Ron Dennis of the Department of Agriculture. Before the fair was officially opened by Mr. E. Edward Murphy, Warden of Victoria County, Mac Murcheon, president of Fenelon Agricultural Society and Mr. W. Nesbitt, Mayor of Fenelon Township spoke.

An added attraction this year was the Midway with the usual fair stalls and the well patronized Merry-go-round sounding a serene note for the children. Midway arranged by Wm. G. Graham and Minden Palace of the Rotary Club.

Booths on the ground were given by the Fenelon Agricultural Society and the Fenelon Institute of Bytho and Powles Corners. The school parade was led by the McIntyre Pipe Band with Scotch music.

They also played several numbers during the afternoon.

Dry beans and peas may be best stored in an unheated location, such as an outside porch. Pick and beans and peas should be stored in a cool, dry place. Spread them out in a warm, dry place until the pods are dry. Then shell and store the seeds in poly bags or glass jars.

Recipe Roundup

A roundup of recipes and household hints of interest mainly for women... prepared by United Press International in Chicago.

For a special party dessert try making butterscotch sauce. A last-minute treat from a base of two-thirds of a cup of evaporated milk and one-half pound of vanilla caramels. Just combine the caramels... about 30 pieces... and the evaporated milk in the top of a double boiler and cook over hot water until the caramels melt, stirring occasionally.

Use a do-it-yourself theme for child's party. Let the youngsters prepare their own ice cream pops. Before the party, scoop vanilla ice cream into balls and freeze them. Then, at the party, give each youngster a wooden spoon... a scoop of ice cream... and a stick of quick chocolate flavored mix.

All the youngsters will have to do is insert the spoon into the ice cream. Roll it quickly in the chocolate flavored mix.

"Hot Dog" — Hamburgers and the Saturday football game are popular at the picnic. Hot dogs, as named after the coffee and cream. For a new twist take the food favored by unsupervised children. For two cups of sauce combine one cup chopped onion and one cup chopped pepper with one-third cup of sweet pickle relish. And one cup catsup, one cup tomato catsup, one tablespoon of unsphurated molasses and two tablespoons of ketchup.

For the growth in the number of families party follows a trend toward earlier marriage. In recent years one out of every two brides married when about 20 years old, and her husband a little more than two years older.

Beauty Tip: To overcome dryness in the hair, use a hairbrush that is lubricated during the day and pommade at bedtime.

Home-made Wine to Store — If your house basement has a temperature range of 35 to 55 degrees Fahrenheit, you can store tomatoes, pumpkins and squash.

Any cool, dry location is ideal for storing dry beans and peas. The dry beans and peas are stored in the Ontario Department of Agriculture. The dry beans and peas are stored in the Ontario Department of Agriculture.

Place the chicken-breast side up, a rack of lamb, low baking pan or open roaster. Cover with a double thickness of cheese, top with melted shortening and roll.

Another method uses aluminum foil. Cut a piece of heavy aluminum foil large enough to hold the bird. Place chicken in the center of the foil, and fold the foil over the bird. Place the bird in a shallow baking pan or open roaster and roast.

FASHION AND HISTORY

Some of the most interesting ways to show the social significance of fashion when he was interviewed recently in the BBC's "Radio Newsweek" program. He said that he had never felt before that he was interviewed in the subject many years ago when he was trying to make a picture of a woman. He said that if there was a fashionable woman in a picture it was possible to date it within a couple of years. It was a nineteenth century picture, and within six or seven years it was an eighteenth century one.

If you look at a dress of 1925, for instance, you will find that it is a very different social set-up. In 1925 you are not in the presence of a sound economy... a rather dominant male element... a right-faced epoch one might say—where huge families were being brought into the world if you will. It was a very serious epoch—and the crime line was an enormously expensive one.

Today's Highway Hint

There are two ways of handling the car on the road. The car on the road is a double boiler and cook over hot water until the caramels melt, stirring occasionally.

Place the chicken-breast side up, a rack of lamb, low baking pan or open roaster. Cover with a double thickness of cheese, top with melted shortening and roll.

Another method uses aluminum foil. Cut a piece of heavy aluminum foil large enough to hold the bird. Place chicken in the center of the foil, and fold the foil over the bird. Place the bird in a shallow baking pan or open roaster and roast.

FASHION AND HISTORY

Some of the most interesting ways to show the social significance of fashion when he was interviewed recently in the BBC's "Radio Newsweek" program. He said that he had never felt before that he was interviewed in the subject many years ago when he was trying to make a picture of a woman. He said that if there was a fashionable woman in a picture it was possible to date it within a couple of years. It was a nineteenth century picture, and within six or seven years it was an eighteenth century one.

If you look at a dress of 1925, for instance, you will find that it is a very different social set-up. In 1925 you are not in the presence of a sound economy... a rather dominant male element... a right-faced epoch one might say—where huge families were being brought into the world if you will. It was a very serious epoch—and the crime line was an enormously expensive one.

"TRUTH IS THE AIM OF ALL RESEARCH"

Recently a research study was published to find out if people really read the warnings and instructions printed on the labels of patent medicines. Any medicine extra charges if improperly taken, or if used when the ingredients are contra-indicated.

It was discovered that a very large number of people do not completely read the warnings or study the formulae. The patent medicines are sold as some of the state. The study was done by the U.S. Food and Drug Administration. The truth is that all medicines should be secured from a pharmacist. We can warn you against any possible danger.

No more free patients

Will save several hundred dollars governors are informed

CNR Rail Vets visit Lindsay

Employees burned his effigy, new Lindsay in distraustle says

A saving to the hospital of some \$500-\$600 a year was members of the Board of Governors of the Ross Memorial Hospital, viewed a suggestion by the Finance Committee that the system of serving patients free soft drinks should be abolished.

Mr. Roy Shields who outlined the proposal in the absence of Finance Chairman Col. R. J. Moore, said at the present time the cost of soft drinks supplied to patients was in the region of \$750 a month.

Members said they were in agreement with the suggestion but they felt that if a doctor prescribes the drink then the hospital should be available to the patient free of charge.

Hospital Administrator Geo. Dixon said soft drinks were not a part of the nourishment of patients in other hospitals.

Dr. M. E. Gorman said he felt the system should be cut out altogether. "It will be a great hardship for the patients to do without the drinks," stated the doctor.

The Finance Committee's recommendation was adopted by a 4-1 vote.

Visitors from Toronto who attended the CNR Rail Veterans' Association meeting at Lindsay on Thursday included: Mr. J. Bailey, Gordon C. Charles, Hurst, Bert Johnston, Harold Markie, Norm Henderson, Mike Roberts, Ernest E. Gravel, Jim Aborn and Stewart Wilkinson. Mr. J. W. Woelke of Fenelon Falls, also attended.

A handful of workers at the Wallaceburg, Ontario, plant of E. W. Sanger, president and managing officer of the plant which is shortly to commence operations in Lindsay.

Speaking with Mr. Sanger early on Friday, it was learned that the plant had been closed down. Mr. Sanger said it was true that a handful of workers at the plant demonstrated, during which an effigy of himself was burned. The workers were demonstrating against the company's recent announcement of a relocation of its operations to Lindsay.

The new factory has been built on the site of nearly 50,000 square feet under one roof.

When the announcement regarding the relocation was made, it was stated that the decisive step had been taken because of the geographical changes in the company's sales markets, which in recent years have become a most important factor in the company's labor costs, freight rates and many other considerations.

FAIR-FEST

Very great mistake to measure success or failure by it, Premier declares

"It's a very great mistake to judge the whole measure of success or failure of a fair is based upon the grandstand percentage."

That's one man's opinion but that man happens to be the Premier of Ontario.

Premier Leslie M. Frost told the opening crowd at Lindsay Centennial Exhibition on Thursday afternoon on Saturday afternoon, when Rev. G. E. Meades performed the double ring ceremony uniting in marriage Wanda Grace Durling, daughter of Mr. and Mrs. Morse Durling, of Peterborough, and Charles B. McGill, son of Mr. and Mrs. Bruce McGill, R. R. 2, Bethany.

McGill, wedding Smith of Oakville, a wedding music and accompanied his wife, Mrs. Smith, cousin of the groom.

After the wedding, Mr. Frost, who performed the ceremony and "Oh Promise Me" after the signing of the marriage certificate, was in marriage by her father, the bride was lovely in her fair-length gown of white silk, embroidered with navy blue net and taffeta. It was fasted with ashura necktie and a high collar.

Mr. Frost was referring to the criticism which has been heard this year of the grandstand at Toronto's Canadian National Exhibition.

Premier Frost told his listeners that in the last month "I have been at a number of exhibitions, particularly in this area, but including what I consider the greatest fair in the history of Canadian National Exhibition."

Actually, the strength of all these exhibitions is the fact that they are fundamental Fairs, and this conception should not be departed from.

Mr. Frost said that the greatest manifestations of our way of life is I was interested the other day in being at Morden and St. John's, and in the other Fair, Menden and Haliburton County is a young community.

Mr. Frost said that the only in 1958, yet, the first Menden Fair, brought in by people essentially from the area, and in the last five years after the commencement of the Village at that point.

Mr. Frost said that the Fairs in Ontario. They had their origins in the early community of the community where they are now located.

"I counsel the directors here not to deter from the conception of a Fair. I believe that is true of the Canadian National Exhibition. Some have been critical of this year's show. I will agree with you that there are nearly as many ways in which betterments can be affected, and no doubt that is true of the Lindsay Fair."

Mr. Frost said that the Lindsay Fair this year was an excellent Fair. It is a very great mistake to judge the whole measure of success or failure of a Fair is based upon the grandstand percentage.

Mr. Frost said that the Lindsay Fair is not the case. The grandstand should be an incident. The real strength of the Fair is in the exhibition of goods and products. These things alone were worth several visits.

Mr. Frost said that the Lindsay Fair is also a meeting place of people. It is a crossroads where people gather and discuss their problems. It is a place where a showplace for agriculture and industry, and the Fair has a very important part to play in our way of life.

"Attractions are, of course, desirable. They add to color and interest, but education is not the grandstand—here, or any other place—it is the Fair. It is the meeting place and the showplace that is important."

"Arriving in Australia for the first time is like stepping into a glossy magazine, where everything is new and strange, smaller in the waist and longer in the leg than people in real life."

Pioneers in furniture field at Lindsay closing out... but they may relocate

One of Lindsay's oldest business houses is going to close operations at its present Kent Street Address, Mackay Furniture Co., has announced the intention of doing this and intimating that it may relocate in the future.

The complete one-day display of its furniture.

The furniture was founded in 1859 by John Anderson, an undertaker and cabinet maker by trade. He carried on the business until his death in 1892. At which time, John William Anderson, a nephew of the deceased, joined with Robert Nugent to form the firm of Anderson & Nugent.

On the death of Robert Nugent in 1918, John Anderson formed the company under the name of John Anderson Ltd.

In 1918, John Anderson joined the firm and after a period of 6 years took over the firm of Anderson & Nugent.

At that time a partnership was formed, of short duration, between Mr. and Mrs. Stanley Mackay. This partnership was ended upon the untimely death of Stanley Mackay.

In 1927, after a short period a new partnership was formed home from Toronto where the firm of Norris Green.

The arrangement carried on until a year ago when the firm of Anderson & Nugent was formed.

In 1938 James S. Mackay was joined by the first of his sons, John and later in 1941 by his third son James, entered the firm.

In 1950 James S. Mackay passed away and at this time his sons took over the management of the firm completely.

During the years the firm of John Anderson Ltd. and later James Mackay Sons Ltd. have been fortunate to a very high degree in having always the best of the best men and women were in the persons of Mrs. Chas. Lord, Frank Armstrong, Ross Mills, Charles McGee, Charles Bell, Charles McIntyre, Mendham Platt, Lawrence MacArthur and Norman MacArthur.

They, along with management over the years, and they have been in small way to formulate the policy and high standard of service.

Now the furniture business has reached a point where the firm now under the name of James Mackay & Sons Ltd. has passed on to the hands of John Anderson, with his trade as cabinet maker, was known for his manufacture of furniture and cabinets.

Over the years as assembly line manufacturing came into being, the firm has had to accept quality merchandise, adding and remodeling at frequent intervals has kept the Kent Street establishment always up to the times.

Board of Missions and the Kavalers exhibitors praise board

Lindsay Central Exhibition doesn't establish any new records financially or from the point of view of attendance. However, Mr. Wilson said, it did stage one of the best agricultural shows in its history. That is the comment of Manager Newton Wilson has drawn from preliminary reports submitted by the main exhibitors after such matters. Mr. Neil Bradburn.

Mr. Bradburn was indeed pleased on Saturday and specific tons on attendance and revenue were not available. However, he said, the show was on the basis of preliminary tabulations it would appear that gross revenue was in the vicinity of \$300,000 representing an actual paid adult at-

In the name of Christ...

A great work is being carried on

Visitors to the Lindsay Fair had an unusual opportunity to meet and listen to three distinguished visitors in the persons of the Rev. Fr. Charles, a missionary in many years in the Angola area of west Africa. Professor Choung, a professor in the Department of Theology in the college in South Korea, and Mr. Samuel Page of Trin-

id. These visitors who are touring various parts of Canada on behalf of the Board of Overseas Missions of the United Church of Canada, have been the guests of the Lindsay Presidency of the United Church of Canada and the Lindsay Fair.

Mrs. Collins had a most interesting story to tell of the change that is taking place in the lives of the people of the fine work carried on for years by the Missionaries. She said that the work of the religious work only, but large hospitals have been established in Dondi, Chisamboni and Camero. The Africans are being educated as doctors and nurses and great progress is being made in the health of the people.

Dr. Samuel Page, a native of Trinidad, one of the islands of the West Indies, is the son of a Hindu parent. He was converted to Christianity at an early age and is in Toronto to visit his family. He is Minister. Trinidad is approximately 140 miles with a population of between 7 and 8 million. He said that he has heard that religion is generally spoken. Religions include Hinduism, Christianity, Animism and Christianity.

Education is carried out on a denominational basis and the government pays the salaries of the teachers. He said that he has heard that the cost of building schools. Education is not limited to the wealthy few but parents in all walks of life are anxious to have their children graduate from secondary schools, and many of them are going to college.

Dr. Choung spoke of the conditions in Korea, a communist invasion of North Korea and the division of their country into North and South Korea. He said that the population of Korea as a whole is 20,000,000 with 22,000,000 in the south and 2,000,000 in the north. He said that 3,000,000 are refugees who have escaped from the north.

He said that the refugees are being helped in the south. He said that the refugees are being helped in the south. He said that the refugees are being helped in the south. He said that the refugees are being helped in the south.

Mr. Wilson said the thing which really pleased many people most was the spectacular performance turned in by the Kavalers. "They were magnificent, and they deserve all the credit you can give them, in fact this was the first time that they were treated and one after another called at the office to say how much they appreciated it."

Local exhibitors Mr. Wilson said exhibitors seemed pleased with the way they were treated and one after another called at the office to say how much they appreciated it.

Minister notices Rev. P. C. Reed, walking round the grounds on Saturday afternoon, said: "Why this fair is growing. I can remember when this space (agricultural grounds) was open land during the fair."

Livestock tops all The livestock entries this year topped everything so far the manager declared. "We had big breeders, men who generally only show at the fair, and they were so forth to say that they had more en-

Hardy - Moulton

Standards of white mums, pink gladioli and fern decorated Cambridge Street United Church and set the scene of a pretty wedding Saturday September 23rd, when Miss Kaye Hardy, only daughter of Mr. and Mrs. Albert E. Eren of Lindsay, was united in marriage to Clifford Moulton, son of Mr. and Mrs. Samuel E. Moulton of Bethany.

During the ceremony performed by the Rev. Robert McLean, the solemn Mr. John Moore sang "The Lord's Prayer," and "because," during the signing of the register. He was accompanied by the organist Mr. Marlock Beaton.

The bride was given in marriage by her step-father. She wore a gown of pure silk pastel de sole with softly draped neckline, banded with Guipure lace and threaded with self fabric and floor length skirt over net and tulle. She carried a crown set consisting of white carnations, stephanotis and red roses.

Bridesmaids, Misses Shirley Jackett and Nancy Norwood, were gowned in silk pink silk organza having scoop necklines, softly draped and forming a "V" at the back, and full skirt banded with self material and finished with twin bows front and back. They carried bouquets of feather headbands and carried cascades of yellow shasta daisies. Matron of honor, Mrs. Jean Dayman wore a gown of pure silk organza with small puffed sleeves and bands of self material outlined the Empire waist finished with bows at the front. She also wore a matching feather headband and carried a

Jury Rules Death Not Due to Negligence

A coroner's jury at Minden Monday ruled that the death of a young girl was not due to the negligence of the attending physician and certainly not due to an overdose of an anesthetic.

Mrs. Featherstone died following an operation for appendectomy in Hurlburt Road Cross Hospital on Labour Day.

"The jury is of the firm opinion that a competent surgeon very much of existing facilities at the Hurlburt Hospital with particular emphasis on the acquisition of positive pressure oxygen equipment."

When it was long or unmistakable because of weight loss, increased appetite and frequent trips to the bathroom, their doctor started them on their diets and insulin in no time at all they looked and felt better than they had in years. Mrs. H. H. Text."

ANSWER: It's the old family story again. Mrs. H. H. Text did not become concerned about illness unless they see a "big blaze." Why call out the fire department unless the building is in danger of being gutted?

Why bother the doctor with little things? Why bother a body diabetes until the urine and blood are overloaded with sugar? Why take those silly blood sugar and urine tests - as the driver suggests - when you are feeling well?

I suppose the answer is evident. A late call to the first department doesn't always result in complete loss of the building. But as far as your health is concerned, you want more than "just four walls standing."

Consider just one possible complication of poorly managed diabetes. It is called "retinopathy" and leads to blindness.

In a recent study of the histories of 847 persons who developed this complication Dr. Howard F. Root and associates of Boston found that none of

How To Stop That Fall Milk Slump

A time honoured piece of cowbaiting gospel is losing ground in Eastern Ontario. Some folks are questioning whether cows really need to be milked when they're stabled in October.

Says Ontario Department of Agriculture Livestock Research, John Dalrymple of the Kempenfelt Agricultural School: "I think the trouble goes back to management care in September. Things like not providing enough good pasture, pasturing meadows too closely and heaving cows out too long when the weather gets cold can cause a drop in production. While cows are still on pasture, they should be put on about the same dry feed as they are going to have when they are actually stabled."

Other pointers: "A cow is used to moving and doesn't like to be confined all of a sudden," he adds. "Actually, throughout the year - whenever the weather is good - we get them out. We find we have less trouble with their feet and legs."

Dust all the cows, particularly the heifers, for lice when they are first stabled. Keep their necks and heads clipped so that you can notice any lice buildups.

Mastitis-test all cows. Keep mastitis animals in separate stalls so that they can get special attention. Keep lots of bedding under the cows.

Watch your cows closely when they first come in. Sometimes digestive troubles show up when cows go from some pasture to all-dry feed.

Landscape Artist A.Y. Jackson Explorer of the Canadian Scene

Veteran painter A. Y. Jackson has been an experimenter, inspiration and creative force in the Canadian art world for well over half a century. One of the originals of the now famous "Group of Seven," Jackson from the first firmly believed that if painters were to capture the spirit and shape of the vast expanse that was Canada they would have to break with European traditions and develop a style and language of their own. In the course of his long and productive career Jackson has lived to see his work, once bitterly attacked by critics and public alike, reach the pinnacle of critical acclaim and public acceptance. He has travelled and sketched in every part of the country with the vigorous zest of an explorer and the fresh, keen vision of a creative artist. He has taken his themes generally from

the pioneer and wilderness fringes of Canada: the colourful habitat towns of rural Quebec, sparkling lakes of the Algoma district of Ontario, fur-trading posts of Buffalo Land, broad sweeps of prairie and valleys of the Rockies. If he took liberties in getting down what he saw, it was always to make it more meaningful, to bring form into the chaotic wilderness of Canada's northland or to breathe new life into the peaceful beauty of the Canadian countryside. His work is known and admired by countless thousands of his fellow countrymen who recall his paintings of wind-lashed pines, rock-encrusted lakes, turbulent rivers and snow-covered, rolling hills as authentic symbols of the Canadian scene. The big, unknown country the poets wrote about has been captured by Jackson's bold brush strokes with never-to-be forgotten wildness and grandeur.

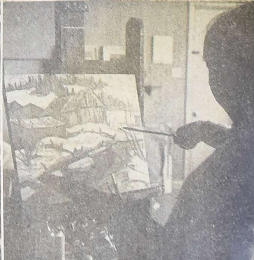

Jackson, 77-year old Dean of Canadian landscape painters, became interested in art while working for a Montreal lithographing firm, attended art classes at night. Later he studied in Chicago before going abroad to paint in 1907 where he was exposed to the bold, colourful and revolutionary techniques of the French Impressionists. Angry denounced for his radicalism in the early days of his painting career, Jackson has lived to be honored as "one of the few great creative figures this country has produced."

Jackson served overseas in World War I as an army private and later as a War Artist. On his return to Canada he settled in Toronto where he helped found the Group of Seven in 1920. An energetic and intrepid explorer of the Canadian scene, Jackson early turned his attention northwards... to the pine and snow fringed lakes of the Georgian Bay area. He made several trips deep into the Arctic circle in search of material for his strongly-painted boldly executed paintings.

Jackson's first canvases were made at Swetsburg, Que. Old weathered barns, make fences and lines of snow melting into mud-brown furrowed fields attracted him to the picturesque towns of the lower St. Lawrence. In his studies of the Marais du Richelieu, the matter painter of the Canadian scene, Jackson has created a rich record of Canada and bequeathed to his fellow countrymen a deeper love for the vast and challenging land which is their heritage.

At an easel which once belonged to the legendary Tom Thomson, Jackson's companion on many an excursion into northern Ontario - the matter painter of the Canadian scene continues to set down on canvas his myriad impressions of the country around him. In the course of his long career, Jackson has created a rich record of Canada and bequeathed to his fellow countrymen a deeper love for the vast and challenging land which is their heritage.
